BIG GUNS ROAR PRELUDE TO RENEWED BATTLE

END OF SLOT MACHINE IN SALOONS IS IN SIGHT

Commissioner Jackson Champions The TRIBUNE'S Fight Against Gambling Devices in Buffets and Bars of Oakland

WAR WORKERS HAD ENTERED PROTEST

Action to Eliminate Evil Takes Form of Resolution of "Request" Introduced for Passage at Meeting of Council

Immediate abatement of slot machine gambling in saloons was brought about today by Commissioner of Public Health and Safety F. F. Jackson by the introduction of a resolution "requesting" that the slot machines in saloons be removed.

Providing that any saloon proprietor failing to heed the request would be deemed to be conducting a place of business "detrimental to the best interests of the city of Oakland," and would be dealt with accordingly.

The resolution was adopted by a unanimous vote of the Council. Commissioner Jackson instructed Chief of Police J. H. Nedderman immediately to have the slot machines removed from all saloons.

DECOTO GATHERS DATA ON EVIL

District Attorney Ezra Decoto announced yesterday that he had gathered data on the slot machine evil, and was convinced that a prosecution under the laws against gambling could be successfully carried through against the slot machine companies and owners.

The ordinance prepared by Commissioner Jackson will obviate the necessity of enforcing the law through the courts with the corresponding delay and the cost of legal procedure, as it will be effective immediately in abating the evil.

The Council is proceeding under the same powers in enforcing the ordinance against selling liquor in sealed packages after 8 o'clock at night. There was nothing in the Hart initiative liquor ordinance that would prevent liquor being sold in sealed packages, a practice which made "boot-legging" easy. But the City Council took the stand that it could determine a policy with regard to saloons in a time of public emergency, and could "request" that the saloons refrain from selling liquor in this way, with the understanding that if a saloon refused to meet the demand its privileges would be revoked on the ground that it was a menace to public morals.

RESNATI, FAMOUS ITALIAN AVIATOR, FALLS TO DEATH

HEMPSTEAD, L. I., May 17.—Captain Resnati, the famous Italian aviator, was killed in an airplane fall here today.

Help Block Path of Germans Fresh Troops Reach Flanders

GLASGOW, May 17.—"Americans are coming by the thousands, by the tens of thousands, I might say by the hundreds of thousands, every month, and therefore there is no doubt about the result," General Smuts of the British army declared in an address here today.

Help Block Path of Germans Fresh Troops Reach Flanders

GLASGOW, May 17.—"Americans are coming by the thousands, by the tens of thousands, I might say by the hundreds of thousands, every month, and therefore there is no doubt about the result," General Smuts of the British army declared in an address here today.

WITH THE AMERICAN ARMY IN FRANCE, May 17.—Troops of the new American army have arrived within the zone of the British forces in Northern France and are now completing their training in the area occupied by the troops which are blocking the path of the Germans to the channel ports.

The following official communique was issued at American headquarters at 9 o'clock last night: "In Lorraine there was active patrolling and artillery fire was again increased. Otherwise the day was quiet at points occupied by our troops."

WASHINGTON, May 17.—The American troops referred to as "the new American army" in despatches today reporting their arrival in the zone of British operations in France, are the forces being brigaded and trained with the British, probably on the Flanders battlefield.

They are not troops detached from General Pershing's present forces, but are part of the new movement of troops from the United States forward by Premier Lloyd George some time ago.

COLUMBUS AVIATOR FIGHTS THREE PLANES WITH THE AMERICAN ARMY IN FRANCE, May 17.—American aviators in the section northwest of Toul brought down another German airplane this morning.

Full details of the action have not been received. Lieutenant Rickenbacher, of Columbus, Ohio, was in command. He attacked them and shot one down three kilometers inside the enemy lines.

Lieutenant Rickenbacher, formerly an automobile racer, was decorated with the French war cross on Wednesday. He was in bringing down a German aeroplane in enemy territory two weeks ago.

The Germans opposite the American sector northwest of Toul are re-trying to infiltrate machines in an effort to check the activity of American patrols, numbers of which go out every night to roam No Man's Land and even German land virtually at will.

A member of an American patrol stepped on a harmless looking wire near the German lines yesterday and a bomb immediately exploded in the center of the patrol group. It had been planted by the enemy.

The members of the patrol either entered or were assisted into an abandoned trench nearby and the soldiers

OAKLAND RIGHTS IN ISLAND GIVEN TO GOVERNMENT

Oakland, through the City Council, today offered the United States government the lease sought by the Federal Shipping Board for a concrete shipbuilding yard on Government Island in Oakland estuary.

The resolution, unanimously adopted by the City Council, agreeing to grant the government any rights it may request, was immediately despatched to Washington by Thomas A. Thatcher, representing the Emergency Shipping Board.

The action clears the way to the government immediately entering the island and beginning its \$10,000,000 concrete ship plant. Alameda, also a claim to the island, has adopted a similar resolution.

United action by the two cities probably assures the choice of Government Island by the special commission sent to the coast to select a site. The site recommended was Government Island, with Redwood City as second choice. The superior housing facilities of Oakland and Alameda, the nearest to supplies of gravel and other materials, its climate, the labor supply, and the fact that government island fronts on deep water, were primary factors in the selection of this island.

The resolution introduced by Commissioner W. H. Edwards follows: "It is hereby declared the sense of this Council that stands ready to lease to the United States government all the right, title and interest of the city of Oakland in that certain island located in Brooklyn basin which is to be used for a shipbuilding plant by the government. Said lease to be granted at any time, and that the government's own terms."

Mayor Davis objected to any restrictions being placed on how the government should make use of the island. He said that the lease could be granted at any time, and that the Shipping Board can enter into immediate possession.

Passage of the resolution was urged by a committee of the Oakland Chamber of Commerce consisting of former Governor George C. Pardee, W. W. Chapin, A. Wareskjold, George Hatch and Joseph R. Knowland, chairman.

PRESIDENT NOT AGAINST PROBE INTO AIRCRAFT

Authorizes Secretary Tumulty to Make Clear His Position As to Inquiry; Opposes Resolution for 'Covert Purpose'

Interest Centers in Minority Report of Committee on Audit and Control; Embodies Statements of the President

WASHINGTON, May 17.—President Wilson today authorized Secretary Tumulty to make clear his position as to an investigation of the government's aircraft program.

He is, however, opposed to the "covert purpose" of the Chamberlain resolution for a Senate inquiry, which he declares he "knows and understands."

The President's direct statement on this point is designed to clear up conflicting interpretations placed by Congress on his formal and informal communications to the Senate on the point.

Submission today of a minority report on the Chamberlain resolution completed preparations for the show-down demanded by President Wilson on executive department investigations into the conduct of the war.

President Wilson's unswerving opposition to the resolution prevailed in the Senate today when leaders of both sides agreed not to bring the resolution up until Monday and meanwhile regarded some sort of compromise likely.

Defeat of the Chamberlain resolution will put an end to Congressional efforts to review the methods or policies of executive departments during the war, it was freely predicted today.

Interest centered today in the minority report of the committee on audit and control submitted by Senators Thompson, Kansas, and Jones, New Mexico. The report, written by Thompson, embodies what President Wilson told him on two visits to the White House this week.

Do not let the original Chamberlain resolution contain "very extraordinary provisions," Senators Thompson and Jones asserted that the revised draft "is little better" than the original as "wholesale inquiries into type and fell only 100 feet."

Other objections advanced to the Chamberlain resolution are that the appropriation of \$10,000 for expenses of the Senate inquiry would exhaust the contingent fund.

Sensor Chamberlain said today he has made no effort to organize a fight for the resolution.

Do not let the original Chamberlain resolution contain "very extraordinary provisions," Senators Thompson and Jones asserted that the revised draft "is little better" than the original as "wholesale inquiries into type and fell only 100 feet."

The minority report stated that there is no objection to full exercise by the military committee of its proper inquisitorial authority, but referred to appointment of Charles E. Hughes to investigate the aviation situation as assurance of "a full and complete investigation."

Regarding the general inquisitorial powers proposed in the Chamberlain resolution, the minority added: "It must be noted that the resolution not only gives authority to but also 'directs' the military affairs committee."

It is evident that the numerous investigations specified will cause great annoyance and interference with the necessary war work now going on in the most important branches of the War Department.

GENERAL BELL WILL NOT HEAD DIVISION ABROAD

WASHINGTON, May 17.—Today's army orders announce the relief of Major General J. Franklin Bell from command of the Seventh national army division.

General Bell recently was examined for duty abroad. The report of the medical board was not made public. For the present General Bell is to remain in command of Camp Upton.

ANARCHY HOLDS CITY OF ODESSA IN BLOODY GRIP

Bitter Hand-to-Hand Struggles Are Taking Place; Thousands of Families Flee Kiev Despite Austrian Opposition

Definite Decision Is Reached Regarding Armed Assistance of Austria to Germany On West Front; Conclude Treaty

AMSTERDAM, May 17.—Anarchy prevails in Odessa and bitter hand-to-hand struggles are taking place there, according to reports received here today. Martial law has been proclaimed by the Austrians it is said, and thousands of families are fleeing from Kiev despite Austrian opposition.

A state of siege has been declared at Odessa, according to information from a Swiss source. German propagandist newspapers say that Crimea is now being cleared of Red Guards (Bolshevik troops) and that the Central empires, in accord with Turkey, will re-establish the political and economic situation. The task, it was stated in a Basle despatch, has been confided to an "eminent Musselman."

Definite decisions have been reached regarding the armed assistance of Austria to Germany on the western front, according to the Vossische Zeitung (Berlin).

It also is reported from the same source that agreements similar to those just concluded between Germany and Austria also will be concluded between the Central powers and Bulgaria and Turkey. These agreements have to do with strengthening the alliance, with respect to both economic and military questions, between the various powers concerned.

ZURICH, May 17.—A solution of the Austro-German-Polish question may be reached by Austria-Hungary signing a fifty-year alliance with Germany, according to information received here. A close union of Austria-Hungary and Poland is imminent. It is believed that Emperor Charles will accept the conditions.

It had previously been reported that Germany had consented to the domination of Poland by Austria, while Germany is to control Estonia, Lithuania and Livonia. At the same time covenants were apparently drawn up at the recent meeting of the rulers of the Central powers which will put Austria virtually at the mercy of Germany.

2 Steamers Are Sunk in Collisions

LONDON, May 17.—The British steamer Clan Mackay was sunk in a collision on May 11, according to a telegram from Gibraltar received by Lloyds. The crew was saved.

(The steamer Clan Mackay was 420 feet long and measured 6580 tons. She was built in Newcastle in 1916 and was the second largest of the Clan Line.)

The Dutch steamship Zaanland has been lost in collision, it was learned today.

(The Zaanland was a vessel of 5417 tons, sailing from Amsterdam. She was built in 1900.)

PARIS, May 17.—Ten passengers, one European and nine Arabs were killed when the French steamer Atlantique was torpedoed in the Mediterranean early this month. The steamer managed to reach a port by her own steam, it is announced. She measures 6447 tons.

Sedition Charge Will Probably Be Quashed

SAN FRANCISCO, May 17.—William Nord, 67, a gardener residing at 2435 Fifth street, Berkeley, who was charged with making seditious remarks to the Department of Justice Operative Francis Gosling, had his case continued by United States Commissioner Francis Krull until Tuesday to permit Government witnesses who heard the remarks to be called.

Commissioner Krull indicated today that the action would be dismissed against Nord, as he believed the remarks to be irresponsible and in state of second childhood. Nord's two sons protested their father's innocence.

Creel Says He Didn't Mean It

WASHINGTON, May 17.—George Creel, chairman of the committee on public information, has written Chairman Pou of the House rules committee that he had no intention of reflecting on Congress in his much discussed recent speech in New York in which he was quoted as saying that inasmuch as he did not enjoy slumming he would not explore the hearts of Congressmen.

British and French Front Under Bombardment, But Foe Still Delays Infantry

The German artillery fire is increasingly active from Locon to Hinges, along the western side of the Flanders salient and between the forest of Nieppe and Meteren on the northern side of the salient, the British war office announced today.

Violent artillery fighting in the region of Hailles, southeast of Amiens, was reported in the official French statement.

NAVAL OFFENSIVE BY ALLIES IS SOON TO COME, BELIEF

LONDON, May 17.—Both allied and German artillery have developed "great activity in Flanders," Field Marshal Haig reported today.

"Great artillery activity developed on both sides in the Pascaut wood sector and north of Hilles," the statement said.

"Increased activity was shown by enemy artillery between Locon and Hinges and from Nieppe forest to Meteren."

"A hostile raid was repulsed last night near Mayonneville, south of Arras."

Continued artillery activity on both the Flanders and Picardy battle fronts was reported in the night official statements issued by the British and French war offices. There were no infantry combats.

AIRPLANE VICTORIES MENTIONED BY PARIS

Field Marshal Haig mentioned mutual cannonading, particularly north of the Lys river. The Paris communique said the allies were active on both sides of the Aves, before Amiens. The French report also said that eighteen German airplanes and four captive balloons were brought down on Wednesday.

The German war office claimed a number of successful attacks on the north of Kemmel, in minor fighting Wednesday. Berlin also said that "large forces" of the allies were repulsed in an attack at Senecat wood.

Thirty-three allied airplanes were brought down today in statement said, fourteen of which were accounted for by the squadron formerly commanded by Baron Richtofen.

A communique issued by the Belgian war office at Havre shows that the Belgians have taken over the line as far as Pillek.

ARTILLERY FIRE EAST OF AMIENS VIOLENT

PARIS, May 17.—Violent artillery fighting in the Hailles sector, southeast of Amiens, was reported by the French war office today.

"A German raid was repulsed at Canny-Sur-Matz (two miles northwest of Lasigny)."

"French detachments took forty prisoners, including one officer."

DELAY INDICATES NEW SMASH WILL BE FIERCE

WITH THE BRITISH ARMY IN FRANCE, May 17.—The allies are still waiting for Field Marshal Von Hindenburg to show his hand. No more magnificent weather could be imagined than has favored the western front in the last forty-eight hours. But even this has brought no change in the military situation. The Germans continue to remain comparatively inactive in their sun-baked defenses and were it not for the grumblings and the une necessary to bring the guns, the clouds of dust along the lines of transports the flight of airplanes winging their way across the battle zone, it would be hard to realize that a war was going on.

Says U. S. Navy Is Increased to 1000 Ships

LONDON, May 17.—The American navy has been increased from 300 to 1000 ships, including 450 destroyers, 250 of them of the fastest and most efficient type, Judge Wadhams declared today in an address to the League of Nations Society.

GIRL SLAYER SCREAMS AS STORY IS TOLD

WAKESHA, May 17.—With a cry of "Oh, that is not true—that is not true," Grace Lusk today sprang to her feet and halted the testimony of Dr. David Roberts at her trial for the slaying of Mrs. Mary Newman Roberts.

Dr. Roberts, unexpectedly called to the witness stand, had just sworn that at his first meeting with Miss

Lusk, which was in the nature of a business conference, she suddenly "asked me if I loved her and said she cared for other things besides work. She asked me to take her to Chicago for a good time. I told her: 'You would have a lot of respect for a married man who would do that?'"

It was at this point that Miss Lusk sprang from her chair, tears streaming from her eyes, with a protest that thrilled the courtroom and stopped all proceedings until after a moment, she fell back into her father's arms and buried her head on his breast.

Dr. Roberts waived his constitutional rights and told the story of his relations with Miss Lusk without reserve.

Petrograd Reds Turn Back On Finn Allies

LONDON, May 17.—The Russian Bolshevik government has declined to intervene at Helsinki for the Finnish rebel leaders, according to a telegram from Helsinki.

Relieve Your Indigestion With A Laxative

Dyspepsia know that indigestion is accompanied by constipation, and that until the bowels can be regulated so they will act freely and naturally every day at a stated time, swallowing dyspepsia tablets is of little use.

A great and growing number of sufferers from this trouble find immediate and then permanent relief by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. The laxative herbs act on the bowels and the pepsin and extracts on the digestive tract, forming an exceptionally effective laxative- tonic.

It is a combination that has been found wonderfully helpful in indigestion, constipation, biliousness, headaches, bad breath, belching and gas on the stomach. A small dose is all that is required.

The druggist will refund your money if it fails to do as promised.

NO INCREASE
In spite of enormous increased laboratory costs due to the war, the manufacturers of Dr. Caldwell's Syrup Pepsin are sacrificing their profits and absorbing the war taxes so that this family laxative may remain at the pre-war price of 35c and 50c a large bottle. So send by druggist for 25 years.

**Dr. Caldwell's
SYRUP PEPSIN**
The Perfect Laxative

FREE SAMPLES—Dr. Caldwell's Syrup Pepsin is the only mild laxative in America. If you have never used it, send your address for a free trial bottle to Dr. W. B. Caldwell, 100 Washington St., Monticello, Ill. If you have babies in the family send for a copy of "The Care of the Baby."

General parade formation orders, for Mount School, band, Lincoln School, Du-rant School, Lafayette School, Vocational School.

By special orders of the general committee there will be no soliciting funds on the streets during the parade or during the Red Cross drive which follows. The campaign committee was arranged to have the entire city covered by Red Cross agents in charge of sixteen booths in various parts of the downtown district. On Saturday night the booths will be in charge of the Native Daughters' organizations. During Sunday the boys of the four high schools under direction of Randolph Walker of the Oakland Technical High School will have charge of the booths.

The balance of the drive the booths will be under the control of Mrs. Harry East Miller, who has appointed captains for the women. The first contingent include the following women:

Mrs. Dan Reiden, Mrs. Edward Lacy

PLACE OF FORMATION.
The entire woman's division consisting of the various detachments named below, will form on Eleventh street, the right resting on Jefferson street. The men's division will form on Tenth street the right resting on Jefferson street. The children's division will form on Ninth street, the right resting on Jefferson street. Other arrangements have been made for floats and decorated automobiles, which will be placed in line as the parade forms.

The line of march of the parade will be as follows: Starting at Jefferson and Eleventh street, it will pass north on Jefferson to Fourteenth, east to play, thence south to Twelfth, thence east to Washington, thence north on San Pablo to the north point of city hall plaza, thence south to Fourteenth around the

Eighteenth, thence counter-clockwise on Broadway to Thirteenth street, and east on Thirteenth to Fallon and the Auditorium grounds.

At the auditorium grounds the floats and automobiles will be formed in a hollow square where judges will examine them for ribbon honors, and make the awards. The various parade units will be accompanied by decorated automobiles which will act as couriers. Every marcher in line is asked by the committee in charge to procure a small American flag, the purpose being to make the line of march a sea of waving color.

Following is the order in which the various units will appear in the divisional parade formation:

CATHOLICS HOSTS TO MILITARY MEN

On the eve of the big public patriotic demonstration of the faculty of Catholics to the Stars and Stripes, thousands of enlisted members of the Young Men's Institute and the Knights of Columbus, and their comrades from the military and naval training camps of the bay district, will be the guests tomorrow night of the Catholic organizations at a ball in the Knights of Columbus auditorium, 159 Golden Gate avenue, San Francisco.

Sunday morning the soldiers and blue-jackets will be given an automobile sight-seeing trip and refreshments will be served at 1 o'clock. An hour later the patriotic demonstration will begin with a parade, forming at Golden Gate avenue and Jones street, marching to Market street, to Van Ness avenue, to St. Mary's cathedral at O'Farrell street, where Archbishop Hanna will bless the Service Flags of the Catholic societies amid solemn benediction ceremonies.

The marchers will be reviewed outside the cathedral by Governor Stephens, Mayor Rolph, Archbishop Hanna, army and navy officers and chaplains, and the pastors of all the Catholic churches in the city, together with a large number of visiting priests. Answering the summons of Archbishop Hanna, great divisions of Catholics are coming to participate from every section of the State.

Sacramento's brigade will be headed by Dr. James W. O'Brien and James L. Moore. Santa Clara county's delegation will be in charge of John F. Jones. Alameda county Catholics will be led by William J. Hayes and Leo J. McCarthy. Napier's participants will be headed by Frank Silva. Solano's division will be under T. D. Kilkenny. Several delegations from interior counties are en route.

20 East Bay Men to Be Officers Qualify as Second Lieutenants

Twenty Oakland and Berkeley men are included in a list of 175 names of men of California and Nevada who have qualified at the third series of officers' training schools of the Ninety-first division at Camp Lewis, to be listed as eligible for appointment as second lieutenants.

MURDER WITNESS HEARD IN COURT

VISALIA, May 17.—J. B. Cunningham, a member of the Rosedale district school board, testified in the trial here of J. V. Fairchild, another member of the board, charged with the murder last January of Oscar E. Carlson, clerk of the board, that Carlson had struck the first blow in the quarrel which led to the tragedy.

The witness said Fairchild had cursed Carlson, provoking the latter to strike. Fairchild, according to Cunningham, did not have the knife with which he is alleged to have stabbed Carlson, in his hand when the quarrel started.

Other witnesses testified as to the inception of the quarrel between Fairchild and Carlson over an electric wiring bill.

The prosecution submitted the testimony of Dr. W. W. Tourtellotte of Lindsay, near here, who attended Carlson, in substantiation of its contention that Carlson was stabbed from behind.

J. V. Fairchild, 51 years old, member of the Rosedale elementary school district, four miles east of Lindsay, is charged with stabbing to death Oscar Carlson, 50 years old, also a member of the school board, on the night of January 26, 1918. The killing is said to have followed an argument over the board. Carlson was struck eight times with a pocketknife, the fatal blow severing the jugular vein. He died almost immediately.

When Fairchild, as alleged, used abusive language, Carlson is said to have struck him with his fist. At this juncture J. B. Cunningham, the third member of the board, ran from the room. The only eyewitnesses to the killing were Carlson's two young sons, who had accompanied their father to the meeting.

Mrs. Carlson swore to the complaint, charging Fairchild with murder. Carlson and Fairchild are said to have disagreed over other school matters at previous board meetings. Fairchild has been in jail here since the date of the stabbing.

Garbage Carted to Wrong Place

After slouching around for several days John Quisico, city sanitary inspector, found an alleged culprit last night in the person of Louie Ruffo, a scavenger wagon driver, who is accused of dumping garbage on the West Oakland flats near Twenty-sixth to the proper place on the waterfront. Complaints reached Justice from residents in the district that the garbage ordinances were being violated. More than 150 loads had been dumped in the restricted zone and although a watch was maintained new loads were continually found there. The watch was successful last night. According to Justice some of the garbage men have taken advantage of an opportunity to save time on the last daily load.

Rifle Levelled, But Then Ladder Falls

Orders to "shoot to kill," in effect in the company of soldiers who guard the Moore shipbuilding plant, came near being disastrous for Harry E. McKinnon, a marine engineer of San Francisco, when he attempted to take a short cut to the waterfront last night.

McKinnon started to climb over the high fence surrounding the yard by use of a ladder he found. When his head appeared over the top a guard raised his rifle to fire. Just then the ladder slipped and McKinnon dropped from sight. He was placed under arrest and held until today, when an investigation satisfied the federal authorities that McKinnon had merely made a mistake.

James B. Barber Announces Candidacy

James B. Barber, for twenty-six years tax collector of Alameda county, has announced positively that he will again be a candidate for the position which he has held consecutively since 1894, though he served one two-year term prior to that date. Though Barber has undergone two severe operations during the last year, he has so far recovered as to be around at his home and his health is such that he will again make a campaign for the same office. It is expected that Barber will be able to be out before the campaign is far under way.

Barber will depend largely upon his long record of service and his friends, but he wishes it understood that his "hat is in the ring."

BERKELEY MAN AT HEAD OF I.O.O.F.

H. W. Brink of Berkeley is the new grand master of the California Grand Lodge, I. O. O. F., as the result of the election at the Grand Lodge meeting now being held in San Francisco. The grand session of 1918 will be held in San Francisco.

Today the delegates are considering various committee reports and it is expected that the business of the 1918 session of the Grand Lodge will be finished tonight.

Officers elected are: Deputy grand master, Lyman M. Kirk, former of Redwood City; grand master, H. W. Brink; grand secretary, K. C. Keene; grand treasurer, James W. Harris, both of San Francisco; grand representatives, Karl C. Frank, Stockton, and H. H. Connelley, San Francisco; grand trustees, John H. Mason, Grass Valley; E. H. Black, San Francisco, and Joseph Foster, San Diego; trustee, Odd Fellows' Home (five-year term), A. N. Bullock, Sacramento.

The convention adopted a plan for the relief of members with the colors and their dependents, to be known as the "Odd Fellow Soldier and Sailor War Relief Fund of the Grand Lodge of California," to continue during the war and one year after peace is declared.

Each member is to contribute \$1 annually into this fund. A committee to be known as the "War Relief Committee," consisting of the grand master, grand secretary, grand treasurer and two past grand masters, are to handle this fund. Frank C. Goudy, grand sire of the Sovereign Grand Lodge, of Denver, urged upon the convention its obligation in supporting the government in the war.

Grand Secretary H. D. Richardson reported a gain of 318 in membership during the past year, making the total enrollment in California 44,592.

Reno Autoists Will Come to California

Reno autoists will come to California in force this summer for their vacations. So writes Walter Nagle, former prominent Oakland baseball player, and now secretary of the Reno Chamber of Commerce. Nagle has written to the Automobile Committee of the Chamber of Commerce, asking for a supply of local road maps for automobilists. He states that Nevada tourist travel by auto to California will be heavier this year than ever before.

A Spring Medicine

That Will Make You Feel Better, Look Better, Eat and Sleep Better.

In view of the fact that disease is ever the same, a medicine like Hood's Sarsaparilla, which has been successful for more than forty years in combating disease and preserving health, is a safe one to rely upon.

Hood's Sarsaparilla is known everywhere as the standard blood purifier, tonic and vitalizer. Its record is one of remarkable results. It has given entire satisfaction in the treatment of scurvy, eczema, humors, catarrh, rheumatism, loss of appetite, that tired feeling and general debility, and is taken as effectively at one time of day as at another.

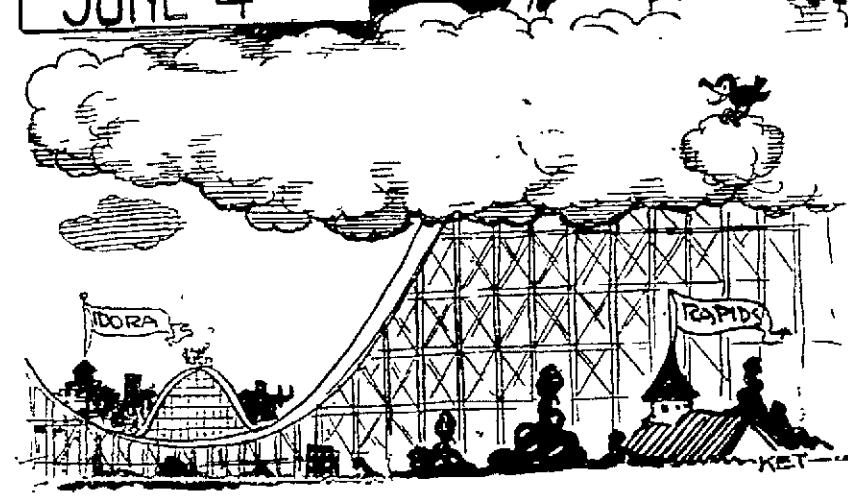

There is nothing better as a prompt, general tonic for weak and run-down men, women and children and old people, invalids and convalescents.

It is pleasant to take, aids digestion, and supplies the vital organs with the rich red blood essential to health.

Another Woman in Case, Wife Alleges

Admitted preference for another woman, late hours and neglect of his business until he lost his position as cashier of the Bank of Fruitvale are the allegations contained in the divorce complaint of Mrs. Florence M. Westover against Roscoe W. Westover, filed today in the office of County Clerk George E. Gross. The Westovers were married in San Francisco in 1911.

MAYOR TO LECTURE

Mayor John L. Davis will be the lecturer tonight at the Boulevard Congregational Church, Boulevard and Fifty-seventh avenue. He will speak on Mexico. The lecture will be illustrated by slides of that country. The meeting will be free to the public.

Whist Tournament in St. Louis Parish Hall

The committee handling the whist tournament and dance which is to be held tonight at St. Louis parish hall, One Hundred and First avenue and East Fourteenth under the auspices of Rioridon Council No. 108, Young Men's Institute, is preparing for a big crowd. It has been some time since any affairs of this sort have been held by the Rioridon council, and tickets have been selling faster than expected.

PREPARATION SERVICE

Tonight at 8 o'clock a service of preparation for communicants will be held at St. Peter's Episcopal Church, Rockridge. It is hoped that all communicants will be present at this service in preparation for the celebration of the holy communion on Sunday morning, Whitsunday.

SUSPECT KIDNAPED

SPOKANE, Wash., May 17.—Alfred Crowe, an organizer of the National Non-Partisan League, arrested recently at Walla Walla on the charge of impersonating a federal officer, has filed a cash bond for \$1000 with the federal court clerk here.

Hebrew Holiday to See Special Service

The First Hebrew Congregation of Berkeley is to celebrate this evening the holiday of Shavuoth-Pentecost. Dr. Moshe M. Munchin of Jaffa, Palestine, the superintendent of the Hebrew schools of the Jewish Educational Society of San Francisco, will address the congregation. Michael Zarchin, identified with the University of California, will conduct the services. The local Hebrew Sabbath school will assist with a number of musical selections.

BELGIAN GODSONS

An illustrated lecture on the Belgian trenches will be delivered this evening at the Interdenominational Church in Piedmont by Mme. Jules Clerfayt, with beautiful slides. Letters from the Belgian soldiers to their godmothers will be read. The general public is invited.

Barley Flour Bad for Babies? Merritt Says No

Reports that barley flour has a deleterious effect on babies and children are asserted by Federal Food Commissioner Ralph P. Merritt to be false. In a statement issued by Merritt it is said that an exhaustive investigation into the subject has been made and that this investigation shows "that such flour contains not only a high percentage of nutrition, but has no elements disturbing to the health of children or adults. It makes a perfect substitute for wheat flour."

"These erroneous reports, now refuted by the findings of the scientists, grew out of a misunderstanding of the difference between the barley flour milled in the Eastern states and that produced in California."

PLAN NEW TESTS

WASHINGTON, May 17.—An executive order revising the method of examining candidates for postmasterships under the civil service, was criticized in the House today by Representative Good of Iowa, Republican. He said the effect of the order is to place the selection of postmasters under the old political system.

Silver Dollars Melted for Allied Coinage

WASHINGTON, May 17.—Five million more silver dollars have been melted into bullion for export under the new silver bill, the treasury reported today, and this probably will be continued to meet the allies' needs for the metal for making money.

Officer's Daughters to Christen Land Fleet

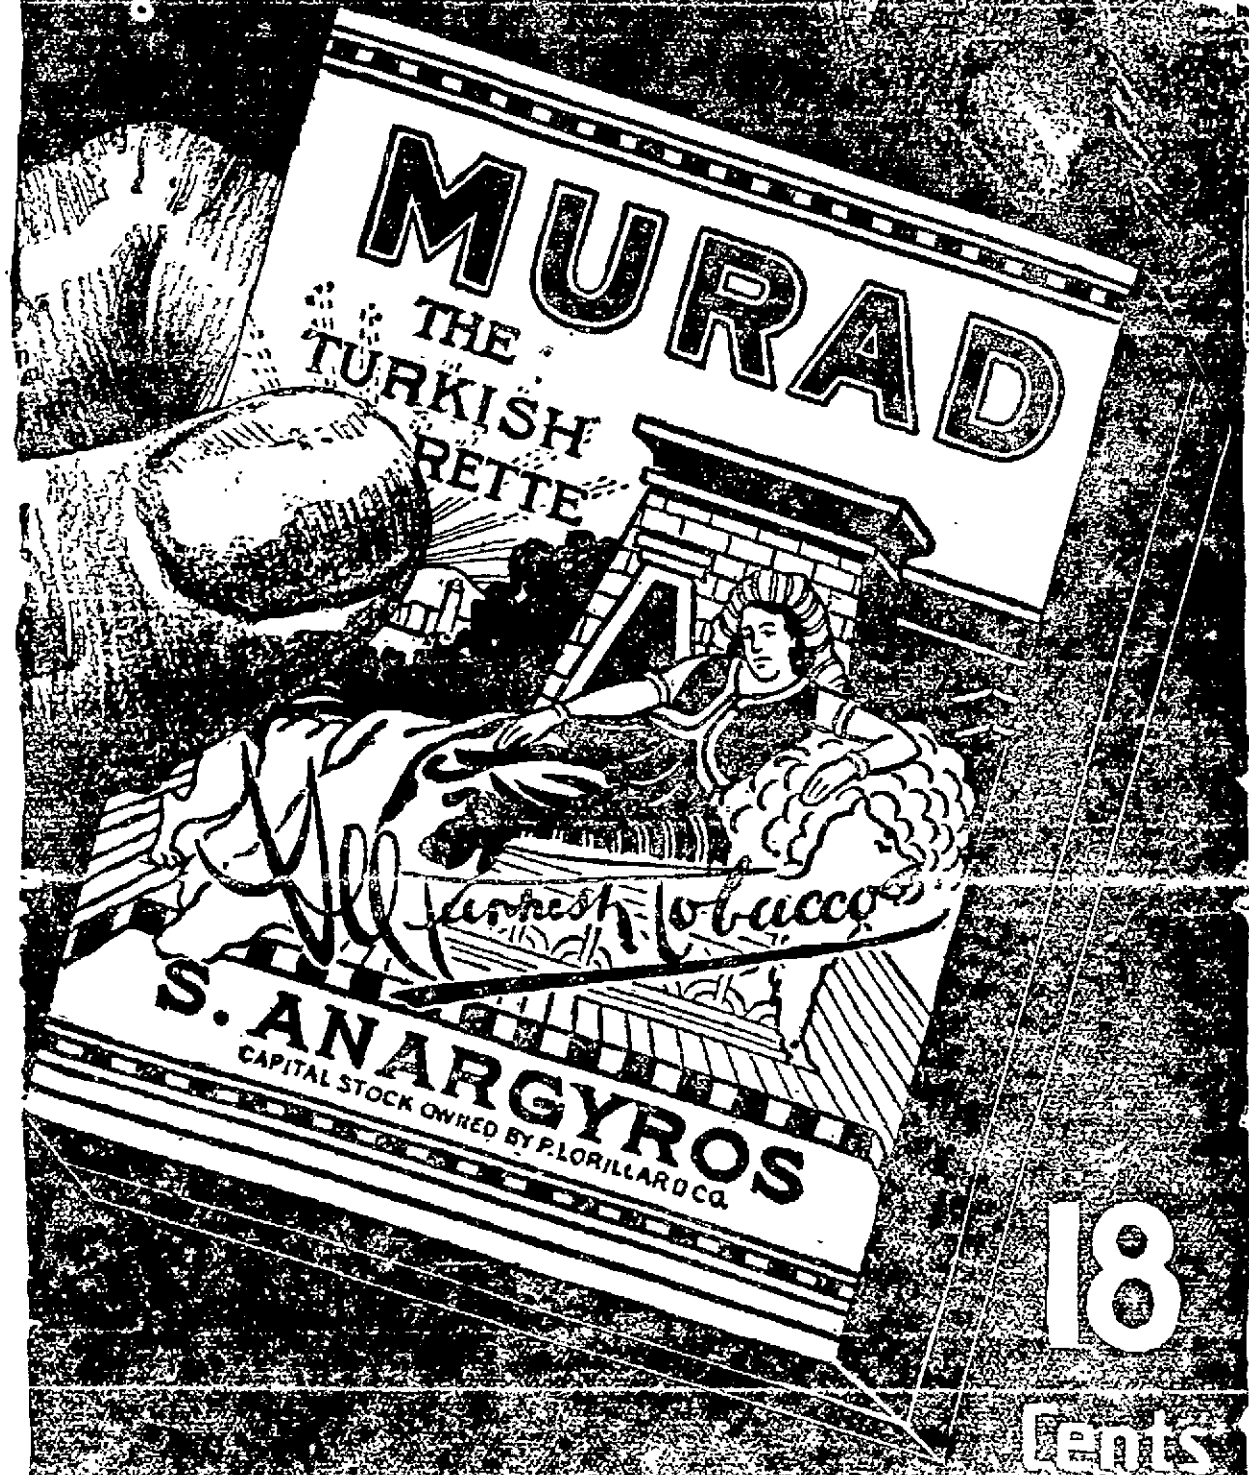

GREAT LAKES, Ill., May 17.—Three daughters of naval officers were expected to act as sponsors at the christening exercises today of the Great Lakes land going recruiting fleet. They are Misses Moffett, Willson and Childs, respectively, daughters of the commandant, inspector of recruiting and a recruiting officer.

The fleet on wheels is ready to be launched. It consists of a torpedo-boat destroyer, a submarine and a submarine chaser, and they bear the names "Great Lakes," "M-4 No. 98" and "Eagle," respectively. Each vessel has mounted guns and the submarine carries torpedoes. Two standard coaches, one for examining physicians and the other for mess purposes, will be carried with the fleet. A detachment of the 6th Infantry Band will accompany the fleet.

Plans for the movement of the fleet include a trip over every traction line in the Middle West. The playing of the band and the roving of cannon will announce the arrival of the fleet at each "port" it visits.

BATTALION OF DEATH HEAD TO GO TO ENGLAND

SAN FRANCISCO, May 17.—Mystery attaches to the sudden determination of Mme. Botchkareva, organizer of Russia's famous amazonian Battalion of Death, who arrived here a few days ago from Vladivostok, to depart tonight for England.

Rumors that the Battalion of Death colonel had suffered a nervous breakdown such as to unfit her for the propaganda she expected to undertake in this country were not confirmed. Mme. Botchkareva was not to be seen in her hotel, but it was announced there that she was being fitted with a new colonel's uniform, and that she had declared her intention never again to dress as a woman.

British Consul A. Carnegie Ross said today that Mme. Botchkareva will depart tonight on the Santa Fe for England and that the British consul in this country are charged with providing escort and protection for her. Mrs. Ross gave a picnic in honor of Mme. Botchkareva yesterday back of Berkeley, whose hills, Mme. Botchkareva said, reminded her of home. "I am leaving San Francisco and California with many regrets," an interpreter announced for Mme. Botchkareva. "My stay here has been a very pleasant one. I cannot discuss my mission or where I will go from here. I will never wear feminine attire again. My work is a man's work, and I propose to dignify it by wearing the apparel of that sex."

First Gooseberries in Local Markets

The first gooseberries of the season arrived in Oakland today. A shipment from Stockton, the first of the new crop, is now in the commission market, consigned to the California Fruit Company. The new gooseberries sold actively at 10 and 12 cents per pound wholesale—a pound being sufficient for a couple of pies. More are expected by next week, when the price will probably drop. During the summer gooseberries, say commission men, will be one of the most economical ingredients of Oakland's pies.

Today saw a brisk trade in strawberries, at low prices. Cherries, still scarce, sold higher. Old crop potatoes moved at a lively rate, the surplus fast disappearing and new local crop potatoes arriving in bulk.

Attorney Is Found Guilty by Court

Fairfax Cosby, San Francisco attorney, was found guilty of disturbing the peace of Leon Hommel, automobile man, 416 Twenty-third street, in Police Judge George Samuels' court this morning. He will appear Monday for sentence.

According to the testimony, Cosby attempted to collect \$50 from Hommel on a transaction in which Hommel's former partner was involved. When Hommel refused to pay the money Cosby charged him with profane remarks. Witnesses testified that Cosby used vulgar language in the presence of a young girl.

The department of justice made an investigation of Cosby's charges of profanity, but according to prosecuting attorney W. H. Hennessey found he had a clear record.

Butchers of S. F. and Oakland to Picnic

The Butchers' Exchange of Alameda County and the Retail Butchers' Association of San Francisco have decided to join forces for the annual celebration of Butchers' Day, the big event of the season for members of the trade in the bay cities.

A meeting of committees has been called for next week to settle on the date and place of the event. The committee in charge includes Charles Miller, president; Robert N. Weiss, secretary; John M. Pachter, treasurer and Abe Shapiro, vice-president.

Chicago Papers Duplicate Wire News Service of Oakland Tribune

In announcing the recent combination of the Chicago Examiner and the Chicago Herald, both papers directed attention editorially to the fact that the city of Chicago will now have a newspaper possessing the news franchises and service of the Associated Press, the United Press and the International News Service. This fact is deemed sufficiently important in Chicago to call for special mention.

For the past year the OAKLAND TRIBUNE has published the full reports of all the three services, and is the only daily paper in the far west with service as complete.

UNKNOWN VESSEL PACIFIC DERELICT

Coast mariners are seeking to solve the mystery of a strange derelict, evidently the wreck of a new ship, sighted drifting in mid-Pacific by Captain F. Morrison of the British schooner Malarat. The report of the strange wanderer of the sea reached shipping centers today with the arrival of the Malarat at a Pacific port, and records of any new boats missing or overdue are being inspected in the hope of casting light on the mystery. Whether the vessel was wrecked by a raider or was deserted in mid-ocean for some mysterious reason cannot be even guessed at from the meager account at hand.

According to Morrison's report, he passed the derelict, deserted and on her beam ends, at latitude 37 north, longitude 175 west. The bottom was clean, indicating that the vessel is a new one. He estimated it to be a schooner of about 300 tons. As many vessels of this description have left coast ports in the past ten days, the records cast practically no light on the case.

For several days after sighting the derelict the British mariner kept a lookout for lifeboats, but none were found and no further clue was obtained of the strange wreck. Many craft are overdue at the present time, which makes the task of identifying the wanderer more difficult.

According to Morrison's description, the vessel appeared to have only recently come off the dry dock, as the hull was clean and freshly painted. There was no wreckage or driftwood about it. He was unable to tow the vessel, so reported its location at once and passed on, being then due in Puget Sound.

Monterey Fishers Resume Operations

Leaving the question of the permanent price to be paid for salmon to be determined by negotiation, the fishermen of Monterey who went on strike against the reduction of the price from an average of 9 1/2 cents to 7 1/2 cents a pound, today resumed fishing operations, according to Ralph P. Merritt, Federal Food Commissioner. The decision to return to work followed a two-day conference between the food commissioner and representatives of the strikers.

New Wage Scale On Key Route and Cars

Starting today the San Francisco-Oakland Terminal Railway Company has given increases in wages to its conductors and motormen. For the first six months of service the pay is increased from 30 cents an hour to the present pay, to 33 cents an hour. For the second six months the increase is from 32 to 35 cents, and for the third six months from 34 to 36 cents. No increase in pay will be given beyond the third six months.

Give your money to the Red Cross and help to save the lives of wounded soldiers. If you are not fighting you can do no less.

Mabel Riegelman to Sing in City Hall Plaza Saturday

MABEL RIEGELMAN, Oakland girl and noted prima donna, who will sing tomorrow noon at rally for War Savings Stamp Campaign.

Oakland Girl and Grand Opera Star Will Lift Voice in Song at War Stamp Rally

Mabel Riegelman, a color guard of the Technical high school, and with 200 school children present to join in the patriotic chorus. Mabel Riegelman, Oakland girl and celebrated grand opera star, will sing patriotism to Oakland tomorrow.

The noted singer, here for a brief visit, will be heard in a patriotic rally at the City Hall plaza at noon, the affair being under the auspices of Mrs. Edna Bernhard Berg, chairman of the war saving stamp campaign committee.

Miss Riegelman was educated in the Oakland schools, attending the Temescal school and later the Oakland high school.

Her brother, a graduate of the Technical high school, is now serving in the United States navy, as are several of her cousins. Her grandfather was a Civil War veteran.

Miss Riegelman will sing "The Marseillaise," "The Star-Spangled Banner" and an operatic number at the outdoor noon recital tomorrow, accompanied on the piano by Miss Madeline Becker of Berkeley.

The opera star arrived in Oakland several days ago for a brief visit while en route to Portland to fill an operatic engagement. She was recently presented with an American flag in New York in recognition of her services in war work and this flag will fly over her as she sings tomorrow.

She has just finished a successful season with the Chicago Grand Opera company.

The Oakland girl recently sang before an audience of 20,000 at the Stadium in New York, escorted by the

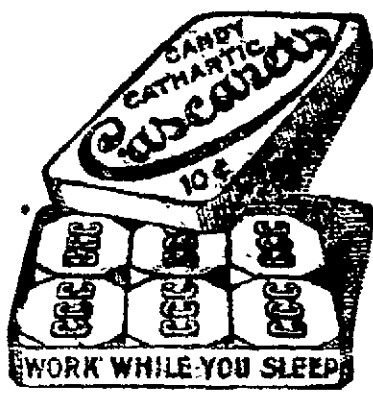

regiment organized by the Altmann brothers. She has appeared in patriotic demonstrations in a number of cities.

During her appearance tomorrow in the City Hall square war stamp workers will be present to urge thrift among the public.

FINES AHEAD FOR COMMISSION MEN

Because several commission men violated the "9 o'clock rule" in selling strawberries they are facing possible fines under the contracts of the Strawberry Growers' Association. Several dealers, it is declared by association officials, have been proved to have traded in berries after the hour set for trading to stop.

According to the rules of the Growers' Association, all must stop selling berries at 9 o'clock every morning, that left over to go to the canneries. Each dealer handling berries is required to put up a \$500 bond for a guarantee, and selling after the hour is punishable by a fine of \$200 that the bond secures.

This action is taken in accordance with a contract between the berry growers and the canneries, insuring the canneries against a berry shortage, and the growers against loss in case a consignment is "cracked" with a supply of berries. Under this plan no berries are wasted, or spoiled while awaiting sale.

The larger dealers have lived up to the rule rigidly, but a number of the others, it has been charged in the past week, have been selling after hours. George Hatch, "Bob" Rogers and President Walter Harris of the Commission Men's Association conferred today over the situation.

Half Million Is Left to Charities

CHICAGO, May 17.—The late Mrs. Palmer Potter's will, disposing of her personal estate, valued at \$1,600,000, and her dead husband's trust, valued at \$15,000,000, was filed for probate here today.

The society queen divided Palmer's estate equally between their two sons of her own estate, she left \$525,000 to various charities, \$100,000 to the Chicago Art Institute, gifts of \$500 to \$8000 to servants, annuities to relatives and \$100,000 each to her sons.

I. W. W. Cases Will Be Transferred

SAN FRANCISCO, May 17.—The Sacramento I. W. W. 35 of whom have been indicted there in connection with the activities of the organization throughout the state, will probably be tried in San Francisco on or about July 1.

That a change of venue from the court

of District Judge E. S. Cushman of Sacramento to that of Judge Maurice T. Dooling here, was sought, was indicated by Attorney Nathan Coghlan, general counsel for the Industrial Workers of the World, following a conference with U. S. Attorney John W. Preston and his assistant, Patrick H. Johnson, yesterday. It is the belief of Attorney Coghlan that it will be easier to obtain an unprejudiced jury here than in Sacramento.

Prisoner Exchange Scheme Broached

BERNE, Switzerland, May 17.—An agreement has been reached here between German and Italian commissioners in regard to the exchange of sick and crippled prisoners of war and the management of prison camps. It will be submitted for ratification for the two governments.

BAKERY ORDERED TO CLOSE 10 DAYS

The Palace Bakery, 1022 Washington street, will be closed for ten days, beginning today, by order of City Food Administrator Harmon Bell, for selling bread which lacked the proper proportion of wheat substitutes demanded by the Government regulations. The Palace Bakery is the first Oakland bakery to be penalized by the food administration for such a violation.

The proprietor, Valentine Egenberger, was found guilty by a jury of bakers in San Francisco, after tests had been made of his bread, and on his own admissions as to the wheat content of his loaves. Mitigating circumstances led Food Administrator Bell to refrain from reporting Egenberger to Washington and to permit him voluntarily to close for ten days.

The New Athens Bakery, 1651 Seventh street, was found guilty on a similar charge. Sentence will be imposed by Food Administrator Bell as soon as the facts are laid before him. Three San Francisco bakeries were found guilty at the same time.

Steps to enforce observance of the Government's wheat conservation rules in Oakland, Berkeley, Stockton, Sacramento, Fresno, San Jose, Bakersfield, San Diego and other cities in which open violations have been reported, were taken today by Federal Food Commissioner Ralph P. Merritt, under whose direction City Food Administrator Bell is working.

A committee will be sent soon to these cities to hold trials of those persons accused of violating the regulations. Samuel Pond, city food administrator of San Francisco and head of the bakers' jury, was commissioned as chairman of the committee and will organize restaurant and cafeterias' juries in each city.

Owners of restaurants and cafes throughout the state have gained the erroneous impression, Merritt said, that they were immune from the rules because trials of violators have been held only in San Francisco.

Four Boys Flee Detention School
Upon request of the San Francisco authorities the police are endeavoring today to locate four boys who escaped last night from the Boys' and Girls' Aid Society. Those sought are John Ferriera, 323 Henry street, Manuel and Louis Viera, 519 Union street,

MISS DREDGE BETROTHED TO ELLERY STONE

Lieutenant Ellery Stone, U. S. N., naval communication superintendent in Southern California, having charge of all the radio in Arizona and New Mexico as well, will claim Miss Beatrice Dredge as his bride early in the fall. Lieutenant Stone, who is a University of California man, has made a remarkable record and is looked to as an authority on all matters relating to wireless communication, despite his youth. He has but just passed his twenty-fourth birthday.

Lieutenant Stone is the son of Mrs. Stone and the late Edgar Stone, formerly a prominent broker of San Francisco. The family is a pioneer one in Oakland, where it has been identified intimately with the city's development. Miss Alison Stone, a favorite with the younger set, who has been a leader in war work, is Lieutenant Stone's only sister. Edgar Stone is a brother.

Miss Dredge is one of the popular girls who has put away society to give herself to war service. She is the daughter of Mr. and Mrs. Theodore Dredge of Vernon Heights and a sister of Miss Gladys Dredge. Her brother, Armiger Dredge, is fighting in France with the allies.

The first hint of the betrothal was brought through the mails by card this morning.

Lieutenant Dredge is stationed at Point Loma near San Diego, where the government is erecting a charming new home which he and his bride will be the first to occupy. No definite plans have yet been made for the wedding, although the marriage will be solemnized in the early fall.

Holdup and Murder Suspect in Custody

EVERETT, Wash., May 17.—William Hartman, 26, a logger, is held in the city jail today for investigation as to his connection with the holding up of fourteen men and the killing of one at the Admiralty Logging Company's camp near Edmonds, Wash., Wednesday night. His detention is the result of a recommendation of a jury that heard testimony at the coroner's inquest.

and Ronald Driscoll, 866 Urbana drive.

WOMEN TO STAND BEHIND CANDIDATES

The women of Oakland have agreed that in the thirty-sixth and thirty-seventh assembly districts they will enter candidates for the State Legislature, behind whom they will stand solidly. The manner of the naming of these special representatives has been given into the hands of a committee of women within the boundaries of the district from which a feminine aspirant will be offered.

There was called by Mrs. Frank G. Law in the Dalmat building yesterday a conference of representative leaders to the number of some score for the purpose of determining upon a definite political platform and program. In the number were Mrs. Law, Mrs. A. F. Coffin, Mrs. E. C. Robinson, Mrs. C. H. Mitchell, Miss Bessie J. Wood, Mrs. Mary F. Murray, Mrs. Pennington, Mrs. Frederick Harrison, Mrs. Sarah Portland, Dr. Minora Kibbe and several others.

Next Thursday the same committee will convene in a second conference to hear the reports of the sub-committees which were named. The task of going over the material which may be available in the thirty-sixth district has been given to Mrs. Law, Mrs. Pennington and Mrs. Mary F. Murray. In the thirty-seventh district Miss Bessie J. Wood, Mrs. C. H. Mitchell and Mrs. Sarah Portland will agree on the candidate who will be offered for ratification to the committee as a whole.

While the conference yesterday was marked by the greatest harmony, the great frankness of the several women in discussing those of their sisterhood who had ambitions looking toward the legislature was most interesting. Qualifications and the likelihood of winning at the polls were gone through with as impersonally as though it were a group of men politicians who had assembled to name their candidates.

Constanza Arraigned and Case Continued

SAN FRANCISCO, May 17.—Isadore Constanza, suspended chief deputy of the United States secret service office here, was arraigned before District Judge M. T. Doelling and his case continued until next Tuesday to plead. Constanza was indicted on a charge of accepting \$300 from a woman of the underworld, Mrs. Rose Rossi, in exchange for protection from the local moral squad and its raids.

"I'd Have Lost Her, If It Hadn't Been for Cherry's"

"Yes, sir, I'd gotten down to bed-rock and was ashamed to let anyone know—least of all my girl. So I was just on the point of giving her up to the other fellow—for I couldn't ask her to go out with anyone so run down at the heel as I and then I found Cherry's. I read one of their ads in the paper and decided to see for myself. I couldn't believe that a firm could give such easy credit terms and still be on the level with their goods. I went up—they're at 328 13th. I saw—and was convinced. And here I am—all together out like a millionaire. All I paid down was a few dollars and the rest I'll pay later—each week, as I get my check. COMMISSIONER TO ASK \$25,000 FOR CITY MART

Commissioner of Finance and Revenue W. H. Edwards agreed to champion a \$25,000 appropriation in the budget of the coming fiscal year for a municipal market at a conference held yesterday with the Oakland Board of Market Directors.

At the same time it was decided to seek to have the Board of Supervisors of Alameda county give financial aid to the market project, on the grounds that it will benefit not only the consumers but the producers of the entire county, and that it will also benefit Berkeley, Alameda, Emeryville and Piedmont. It is probable that the Berkeley City Club will be asked to unite with Oakland organizations, as that club has been strongly in favor of the establishment of a public market in Oakland as well as in Berkeley. Tentative plans for the proposed municipal market, to be established next year, were laid before Commissioner Edwards at the conference yesterday by W. N. Jenkins, president of the Board of Market Directors. The project was given the endorsement of Commissioner Edwards, and his support in the attempt to obtain financial backing from the City Council was pledged.

SANITARY BUILDING

It is the purpose of the Board of Market Directors to erect a sanitary building, preferably upon land already owned by the city, in which to house stalls and booths for a fish market, market for butter, eggs and cheese, and for other farm and dairy products. In conjunction with this there will be an open street market. It is probable, in which the farmers may sell direct from their wagons. "I heartily approve of the plan to establish a joint fish and produce market next year as a means of conserving the local food supply, stimulating production, and reducing the cost of living," Commissioner Edwards told the market directors.

"There is nothing of more importance to a community than the protection of the people from excessive costs of food. There is nothing more important in the winning of the war than conserving food and stimulating the production and consumption of food, usually of a perishable nature, that can be produced cheaply near at hand, thereby freeing the kinds of food that can be transported long distances for the men at the front and for our allies."

REDUCE COSTS

"I firmly believe that a municipal market will be a means of accomplishing these ends. It will reduce costs by bringing consumer and producer closer together, eliminating some of the unnecessary links in the chain of distribution. It will undoubtedly conserve food. It will be of no less importance in stimulating production in this county, in leading small producers to diversify their crops, thereby using the land more longer periods of time, and getting more from the soil. The producers will do this if they know that they have an assured market in which to dispose of their goods."

"The market board assures me that it will be ready with practical plans for carrying out this work if the appropriation is made. I feel that an appropriation of \$25,000 should be enough to start operations, and I am ready, when the market board brings in its formal recommendations, to place such an estimate in my budget recommendations to the City Council, and to champion its inclusion in the budget for the coming fiscal year."

TO BE PRESSED

President Jenkins of the market board said that the matter will be taken up immediately and pressed to a successful issue. It was admitted that the board had been disappointed when no money was allowed for it to carry on its work this year, but that with the assurance of backing from Commissioner Edwards and the other members of the City Council, he was in hopes of having the financial aid needed to commence operations granted by the Council.

"There is grave need of beginning work on this municipal market," said President Jenkins. "The matter must be handled in a sane, businesslike manner. We have made a thorough study of the question, and are ready to go ahead whenever the Council shall provide the necessary funds. I feel that we may in justice call upon the county for aid, to supplement that given by the city, as the producers will benefit no less than the consumers from the creation of a public market."

Tells of Death of

San Francisco Man

Charles P. Stedentop, a member of Oakland lodge of Moose, who is now in France with the Eighteenth Engineers, has written to Secretary W. J. Hamilton of the lodge, telling of the death of the first member of the Moose lodge in the bay region. He was Thomas Tuckett of San Francisco. Stedentop writes: "All of the brothers of L. O. M. and other friends of our regiment went to the funeral. He was well liked by everybody and always had a word of cheer when other boys were down-hearted." Stedentop writes that his regiment expects to do its bit in the next big drive, and is ready.

Wheel Retires and Porep Is Bruised

The automobile in which Constable Charles Porep of Alameda was driving along the state highway near Hayward today refused to go on only three wheels and turned over, landing in a pile of brush and turning the constable out headfirst into the clear. The wheel came off while Porep was driving at a 25-mile speed. He received only minor bruises.

Lift off Corns, Magic! no Pain

Drop Freezezone on a touchy corn, then lift corn off with fingers

Drop a little Freezezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Freezezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezezone is the much talked of "other discovery" of a Cincinnati genius.—Advertisement.

Resinol will usually stop itching instantly

Only those who have themselves suffered with eczema or similar itching, burning skin-trouble can appreciate the relief that the first touch of Resinol Ointment usually brings. The suffering stops at once, the skin becomes cool and comfortable, and the trouble soon disappears. From the very first you can feel that it is going to get well!

Resinol Ointment contains nothing that could irritate the tenderest skin. For sale by all druggists. For trial free, write Dept. 2-S, Resinol, Baltimore, Md.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffly, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo, generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

DO YOU WAKE UP TIRED?

When you awake in the morning feeling tired out, feeling worse in fact than when you went to bed, you are confronted with one of the characteristic symptoms of neurasthenia. It is due to the fact that the condition of the nerves that rest does not bring the strength and sleep refresh the tired brain. Overwork and worry are the most frequent causes of this condition. Neurasthenia is the name given to this common form of nervous debility in which the power to recuperate is gone.

The blood can be built up so that it will increase the supply of needed elements to the wasted nerves and this is the only way that the nerves can be reached. Dr. Williams' Pink Pills are a tonic that especially builds up the nerves because they supply to the blood the elements that the nerves need. Many nervous disorders, sometimes chronic ones, have yielded to this tonic treatment with Dr. Williams' Pink Pills when other methods failed to give relief. They are certainly worth a trial. Dr. Williams' Pink Pills are sold by druggists everywhere or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by Dr. Williams Medicine Co., Schenectady, N. Y. TO THE FRONT!

Men Have Gone
Women Are Coming
But it is the Young or Young Looking Women Who Win.

Today the world is overflowing with opportunity for the woman who is capable, active, youthful or the woman who looks the part. Gray hair, the appearance of age, is passed by. Unfair, yes, but it is a condition which has to be met.

Thousands of women have found a way out by using Q-ban Hair Color Restorer. Not by dyeing their hair because Q-ban is not a dye, but through the natural, gradual way in which it restores the youthful color. Try it if your hair is gray, streaked with gray, or faded. It will do the same for you.

Q-ban has no disagreeable features. It will not rub or wash off or stain the scalp. You can apply it over a glass of water without harm. It also eradicates dandruff and keeps the hair healthy. Guaranteed to satisfy or money refunded. Easily applied by simply brushing or combing through the hair.

Sold by all good druggists everywhere on Money-Back Guarantee.

FRECKLES

Now is the time to Get Rid of These Ugly Spots

There is no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

Oakland Man Rejoices

Daughter Can Resume Studies

"Everything my little 12-year-old girl ate and drank for over a glass of water would cause her to belch gas and she was unable to go to school for nearly a year. I bought her a bottle of May's Wonderful Remedy, and since taking it she is eating up out of house and home and is attending school again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Osgood's Dept. Drug Stores.—Advertisement.

Chronic Constipation.

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of food. If you will drink an abundance of water, eat raw fruit and take lots of outdoor exercise you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxative out of house and take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take and are guaranteed to give them a trial. For sale by Osgood Bros. drug stores.—Advertisement.

GET THE NEW SHIP PLANT.

No hesitancy should be in evidence on the part of the communities on the continental side of San Francisco bay in realizing the importance of the project of the federal government to establish a plant for building concrete ships on the Oakland estuary. Nor should there be any delay in meeting the conditions which the United States Shipping Board deems essential to impose with reference to the question of title to the land on which the plant is to be located.

Approximately \$10,000,000 will be expended on the plant alone. After it is in operation between 3000 and 4000 workmen will be employed. This will mean a minimum disbursement in wages of \$100,000 a week, or about \$1,250,000 a year. The new enterprise will add to the already world-wide fame of the east bay district as a shipbuilding and industrial center. It will accentuate industrial development in a marked degree.

The question of who owns the artificial island in the estuary on which it is proposed to erect the new plant is unimportant so long as the plant is assured. If title rested indisputably with either Oakland or Alameda city it would be good business to turn the land over to the government for this purpose. It is unseemly to debate a point. The proper course is clearly outlined: everything needful should be done to secure this great additional shipbuilding project for Alameda county.

A CHANGE NEEDED.

Something should be done immediately to save the potential usefulness of the California State Council of Defense. It is being discredited by dissension and criticism; its efficacy as an aid to the State and national government is in grave danger of being totally destroyed.

The TRIBUNE was first to recommend the council of defense idea to the government of California. It had been developed and put into practice by Governor McCall of Massachusetts. The federal government had approved it. The idea is sound and workable. In practically every State in the Union councils of defense have proved of incalculable value as auxiliaries to the State and national governments.

The California council has performed much valuable work during the first year of the war. Its personnel includes several public-spirited and able citizens whose voluntary services should be utilized to the fullest extent.

But the present executive official of the council is no longer suitable for the place he fills. Perhaps he is partly to blame for his own unavailability. His injudicious and sometimes ridiculous public statements go far to create such a presumption. But criticism by his former associates—a former member of the council and a former employee in the publicity department—has created a lack of confidence in him, and in the council. The critics of Mr. Nafziger were small men who over-rated their own importance; they used small methods of attack, and inasmuch as they sought to promote their own interests, they were actuated by small motives. But the effect has been just as injurious as if the attempt to undermine the administrative officers of the council had come from any other source. Officials of the council have publicly stated that it has suffered a lamentable and harmful loss of public confidence.

The situation is not hopeless. It can be remedied. But it cannot be remedied by retaining Mr. Nafziger as the chief executive officer. Mr. Nafziger, who draws a salary for his services, tendered his resignation several weeks ago to take effect May 10th. He is still in charge of the council's affairs. Five days after he should have been allowed to retire another controversy was started—over a proposition to divide the council into two parts, one for Los Angeles and one for San Francisco. It was indulged in by politicians and smacked disconcertingly of politics.

The vice chairman and executive officer of the State Council of Defense should be above criticism and impregnable in the face of critics. He should serve without compensation, for the good of his State and country. He should be free of political

ties and above political tactics. Such a man should be appointed at once and the State Council of Defense devoted to the single purpose of winning the war against America's enemies.

A SIGNIFICANT APPOINTMENT.

President Wilson's selection of Hon. Charles Evan Hughes of New York to assist the United States Attorney General in conducting the investigation of the aircraft board, the army signal corps and the airplane business in general, has several important and interesting aspects. The least important of these, however, is the fact that President Wilson has called to his assistance the man who opposed him for the Presidency in 1916.

Of outstanding interest is the fact that the President has summoned for this task a man than whom no other is better qualified. The former justice of the Supreme Court possesses conspicuously great legal ability; he has a wide experience in investigations, one of which he conducted having caused a radical reorganization of the insurance business of the country. He is by nature and training cool, temperate, fair. He has a judicial mind and has enjoyed a judicial experience of the highest order. His appointment is an assurance to the people that the truth will be known, that the guilty will be exposed, and the innocent spared as little harm as possible.

The second important factor in the selection of Judge Hughes is the evidence it constitutes of the President's determination that the investigation of the aircraft situation shall be thorough, serious and penetrating. This promises all that the people could desire.

PACIFIC TRADE EXPANSION.

In a very comprehensive review of the trade between the United States and the Philippine Islands, the National Bank of Commerce of New York confirms the postulate of the economist and the statesman that trade follows the flag. The expansion of the foreign commerce of the Philippines has been remarkable, but not more so than the expansion of the share of the United States in that commerce. A few figures in this connection may not be tedious. They tell an impressive story.

The total imports into the islands for the calendar year 1917 amounted to \$65,796,826. This was the largest value ever recorded in the trade of the islands, and exceeded by \$20,000,000 the low level of 1916. The cotton trade reached remarkably high values, while iron and steel recovered notably. Though import quantities were in a number of instances larger than in the previous year, soaring prices were a conspicuous element in the exceptionally large total.

The export trade in 1917 totaled \$95,654,307, being \$26,000,000 more than the already high record established in 1916. Of this increase \$20,000,000 was in the single item of Manila hemp, which dominated the islands' export trade as never before and represented practically half the total value for the year. High prices stimulated production, and the quantity exported increased from 135,000 long tons in 1916 to 167,000 in 1917, closely approximating the largest ever recorded. Shipments to the United States amounted to 94,000 tons.

Exports of coconut oil almost trebled in quantity and assumed new importance, ranking next to hemp and sugar among leading exports, though shipments of copra—the raw material for manufacture—were also larger than in 1916. Exports of sugar amounted to 203,000 long tons, a decline of 130,000 tons from the unprecedented output of 1916, while shipments of cigars greatly increased owing to the growing American demand.

The growth of our trade with the Philippine Islands is a gratifying story of steady expansion. In 1917 57 per cent of the value of all imports were of American origin, while 66 per cent of all exports from the islands were sent to the United States. In 1907 we furnished but 17 per cent of the total imports and received only 31 per cent of the exports from the Philippine Islands. Our exports to the Philippines in 1917 were more than seven and a half times those in 1907, and our imports from them were more than six times those in the earlier year.

Trade news concerning the Philippines and other areas in the Far East is of a larger significance to the cities around this port than any other point in the country. For inseparable from trade development is the transportation business and the development of port facilities, increases in general business and in population at the point of egress and ingress of trade commodities. All port accommodations on the Pacific being equal, San Francisco bay will handle the major portion of the trade between the United States and the Philippines.

AN UNNECESSARY PROVISION.

That was a most valuable conference between the President and the Public Lands Committee of the House which resulted in the elimination from the oil lands leasing bill of the clause empowering the President to seize oil properties and put them under government control and operation. Such a provision is not needed in order to insure production of oil. It would be certain to retard production. And the first purpose of the government in dealing with the oil business at this time should be to get more oil out of the earth.

The only thing now needed to increase production is a governmental policy that will permit the owners of lands which the Department of Justice has involved in court suits and the bona fide claimants of oil lands in the naval reserves to work. The owners and claimants are ready for work. They have been ready for several years. The price of oil is an incentive to maximum production. Oil will be produced from reservoirs now corked up or untapped just as soon as the government stops its repressive tactics.

NOTES and COMMENT

The Professor Strahn of the Strassburg university says the race is "full of idealism." No necessity for inquiring what race is meant, but we cannot fail to remember the idealisms involved in the ravaging of Belgium and the sinking of the Lusitania.

The presidential refusal to sanction a general war investigation at this time seems to be reasonable. It is not a good time for such a problem. It would not be likely to get us any further along with the necessary task of licking the Kaiser.

A farmhand at Chico bet his trousers at poker and lost. Shall we see it announced in the alert press that "fascism" is the latest fashion for gents?

Gutzon Borglum keeps on talking, but slow progress is being made toward a determination of the merits of the controversy that he started.

Redwood City is trying for fame in reducing the time of marriage ceremonies. One was put over in five minutes. Quick service in tying the knot may gain some favor, but instant popularity awaits the town, county or State in which it would be made possible to untie it while you wait.

The concrete ship Faith so far stands the buffeting of the waves all right, and as we see, preparations are going forward to put many full sisters of her afloat, to the end that the Kaiser may be thwarted. Incidentally it will mean a revolution in shipbuilding after the world has been made safe to live in.

When we read about 1,600,000 train miles being cut on the Santa Fe lines we are in a way to conclude that there has been a good deal of railroad cutting that might have been dispensed with. Whether it would have been best for those most concerned, to-wit, the general public, is, however, another matter.

This is the best season for kings needing a job that has lately happened. The German Kaiser and the Austrian Emperor placed four the other day, and he a number of thrones still on hand, undergoing alterations and repairs.

The seaway in the West continues, but the performance in the East goes on untroubled. Still, the latter doesn't seem to count for much as to the finality.

It is a pleasant California custom to sell the first package of the season's fruit for the benefit of the Red Cross. A short time ago that was done with the first box of cherries realizing a considerable sum, and now the first crate of cantaloupes has been similarly disposed of for \$162.

The value of the table clearings that have been thrown away is shown by two bids opened Tuesday night by the Alameda Council—one of \$3.50 and one of \$3.85 per ton. Alameda has enacted an ordinance which requires such garbage to be separated from paper, metal and other dry rubbish. It thus acquires a recognized value.

Shipbuilding on this side of the bay will receive a tremendous impetus from the establishment on its "island" in Oakland harbor of a government plant for the building of concrete craft. The upper harbor and waterways will also take on increased importance. There are stretches of the tidal canal and the entire San Leandro bay frontage that can be utilized for various enterprises.

The belated action of the authorities in arresting some of those responsible for the deportation of I. W. W. agitators from Bisbee attracts attention from the fact that several of those indicted are now at the front in France, fighting to preserve the nation that the agitators were doing their best to destroy, and from the further fact that deportation was about the only remedy for a nuisance that had become unbearable.

Every new educational establishment helps to sustain the reputation of Chico as the Berkeley of Northern California.—Chico Enterprise.

With oil so scarce that it becomes necessary for publishers to go in a body to Washington to secure a grant of sufficient fuel to run the paper mills, it would seem that the government or the fuel administration would make some special ruling with regard to the production end of the same rather than to entirely deal with the distribution end.—Coalinga Record.

Inyo county contains 10,019 square miles, and the estimated population is 7500—less than one inhabitant to each square mile of territory; it is noted because of the fact that within its borders are located both the highest and the lowest points in the United States. The former, Mt. Whitney, has an elevation of 14,501 feet above sea level, and almost within sight of this mountain is a point in Death valley which is 240 feet below sea level.—Weekly Clistogian.

Last Saturday evening about 9 o'clock thirteen passenger cars of marines, south-bound, stopped at the depot here and amid hurrahs and patriotic manifestations were greeted in grand style, as though the uniform of Uncle Sam had made the soldier-lads seem like old-time friends. They were ignorant of their destination, but knew their mission was to "get the Kaiser."—Los Banos Enterprise.

In Kern county the Republican registration is still second to the Democratic, but the figures to date show that the Democrats have lost hundreds of the votes they held in the election of 1916. And in this county, too, the vote of the majority will not be thrown to a former pacifist. The Republican registration is very nearly that of 1916.—Bakersfield Echo.

SEATTLE PROFITS

To the Editor of The Tribune:

A Seattle paper this week incidentally referred to the fact that the Alaska building in this city was now owned by some Boston capitalists, who paid a million and a half dollars for it. That building would have been erected in Oakland but for the fact that what was deemed excessive prices were asked for a portion of the ground required.

Several years ago Eric Lindblom—the Oakland man who discovered the Snake Creek mine near Nome in 1898, out of which he and his two associates have taken many millions—told me that he tried to buy the gore property on Telegraph avenue and Broadway, running back to Seventeenth street, Oakland, on which they proposed putting up a building to cost a million dollars. There were then several owners in that property. Some were inclined to sell at a fair price, but the valuation put on their holdings by others blocked the enterprise and the building was erected here instead of in Oakland. It is on Second avenue adjoining the famous L. C. Smith building, forty-two stories high. Lindblom was a tailor, living on Oakland avenue and working for the

AWAKEN, PATRIOTS!

Awaken, patriots! Now's the appointed hour
To do thy part in Freedom's urgent need.
Now is the time to break the tyrant's power
And from his bonds, forever to be freed.

Awaken Patriots! Be worthy of thy sire;
Put all thy mighty force into this war;
Keep burning thy long-treasured "Freedom's Fires";
Defeat this foe who knows no human law.

Awaken Patriots! Delay not till tomorrow
That which demands thy utmost strength today;
Lest thou repent in misery and sorrow
That lack of action which leads but to decay.

Awaken Patriots! Be thou up and doing
"With heart for any fate" so thou be free.
The seeds of Victory be forever sowing
For "Eternal Vigilance is the price of Liberty."

CAMP LEWIS DIVISION TO LEAVE SOON

TACOMA, May 17.—Men of the Ninth division at Camp Lewis which includes soldiers from California, Oregon, Washington, Idaho, Utah, Montana and Wyoming, will soon be on their way to the battle fields of France.

This was the statement of Major General H. A. Greene, speaking before the G. A. R. campfire at Blks Temple.

"The division as a unit will see action overseas, according to a telegram which I received from Washington yesterday," said General

Greene. "I can't tell you how soon we will depart, but I may say, without betraying a military secret, that we will leave some time within the next two months."

"Many of the drafted men tried to be exempted and failed, but notwithstanding this, they came with cheerful and responsive spirits, fairly at up their instructions and for months have been eagerly waiting to be or-

dered overseas. There was not a man in the division who did not rejoice when he heard that the order had actually come."

HUNS USE TERRORISM CAMPAIGN

NEW YORK, May 17.—A German offensive of terror against the civilian population of France and Italy was described by Henry P. Davison, on his return from a 12,000-mile tour of inspection of Red Cross work abroad. He said:

"The outstanding feature of German methods at the present time is the effort to terrorize women, children and old men at home. While the German troops are making their drive on the front, airplanes are bombing, nearly every night, towns behind the lines, with the deliberate and declared purpose of terrorizing civilians, and breaking down the morale to such a point that they will importune their governments for peace."

"It is the most dastardly, unrighteous, cruel, devilish plan which could be conceived."

CHILDREN AS TARGETS.

"It is based upon theory that the killing of four children out of five will induce the mother to importune her government to have the war stopped that her fifth child may live. It is carried on from the English channel to the Swiss border and from the Swiss border to the Adriatic and has resulted in the maiming of thousands of women and children and the driving of thousands of thousands of terror-stricken from their homes."

"All of this is accompanied by the most active possible propaganda, especially in Italy."

Davison described the attempt to uphold civilian morale as "one of the great missions of the Red Cross," adding:

"You need have no concern for German propaganda where the Red Cross is working. We have workers all over Italy and France."

PARIS BOMBING FUTURE.

He regards the bombing of Paris by big guns as part of the offensive of terror, and says that the damage to buildings is so slight that one might drift about the city a week without noticing it.

A summary of some of the Red Cross war relief, described by Davison, follows:

In France relief is being extended in 121 cities and towns; in Italy in forty-five cities and towns, with branches in 218 other places.

There are 3000 Americans abroad working for the Red Cross. In France the organization has thirty-seven warehouses containing more than \$7,000,000 worth of goods.

In France the Red Cross operates fifteen hospitals. In England five, in Italy two. In aquatic supplies are furnished to 4361 hospitals in 1509 cities and towns in France and to 465 hospitals in Italy. Ninety-nine Red Cross ambulances on the Italian front are operated by 129 American boys.

Marr, of Oakland, Aero Hero Tells of Warfare Among Clouds

Captain Kenneth Marr, Oakland youth, who is one of the famous air fighters in France, and whose latest feat was told in The TRIBUNE of yesterday, told his own story of the fight to a correspondent of the Associated Press. Marr's story, as called by the correspondent, follows: "I was flying at an altitude of 2000 meters, with a low cloud bank over the American lines."

"As I sailed out I saw him far away, circling out from our line amid a cloud of puff balls from our 'Archies.' I circled out wider and finally passed the German and turned again down our line, between the enemy and the sun. Both of us had the sun at our backs."

"As I opened up my motor and approached nearer I saw that I had a two-seater to deal with. I thought that the German might see me and hear my motor, so I went a hundred meters lower until right under the tail of his machine. Then I pointed the nose of my airplane upward and went on a level with the enemy, and opened fire at him at point blank range. The German never knew I was there until incendiary bullets, alternating with ordinary bullets, began pattering through his cockpit and engine."

"After 20 shots the machine toppled. I must have got a lucky shot home on the pilot, for the machine went down, wavering through the air like a leaf falling from a tree. I saw the observer standing up in the machine, trying to get his machine gun to bear on me, first from one side and then from the other. I certainly felt sorry for the helpless beggar. There he was dashing to a certain death but to the last gamely trying to give me a fight."

Captain David Peterson of Honesdale, Pa., shared with Marr in the victory over the Hun airmen. His story of the battle follows:

"I was flying near Thiaucourt at an alti-

Oaks Back in a First Division Berth With a Win Over Spider Baum

Clyde Wares Starts Way to a Win; Middleton and Christensen Chase in Runs

By Carl E. Brazier

Harry Krause at his best and "Spider" Baum with another one of those bad innings that are starting the fans to wonder why the "Spider" did not stick with his talk of retiring last fall—that's the story of the third game of the Oak-Seal series. It was a 3-to-1 win for the Oaks and boosted them up into the first division again, three and a half games from the first-place Bees and only one game behind the second-place Angels. About the only other essential to the story is that the game was played before about the smallest crowd that ever saw an Oakland-San Francisco game on this side of the bay, the weather being far from the kind that inspires any over-abundance of baseball enthusiasm.

FIRST DIVISION SURE

The Oaks are up there in the first division. With Speed Martin to work today and with Seal and Baum to follow, Krause each available for one more game before the end of the series, it is tough to see them slipping out of the division. Their present third place berth is a whisper of a thing, even a chance that the Oaks might slip up into second place before the end of the series. With the Oaks playing the Tigers next week, Salt Lake playing at Sacramento and the Seals playing in Los Angeles, the Oaks will have a grand little chance of getting a stronger hold on the first division next week. The old Coast League race is beginning to show up more each day with the Oaks looking like the hope of the league to prevent the Angels and Bees from making a runaway race of it.

Harry Krause made the Seals look like a sad outfit yesterday. Harry had about everything he needed and the single Seal run was more or less a lucky affair. Being chased in by a low pop fly off Maggett's bat that fell just far enough behind the short patch to be out of Croff's hands and just enough in front of Middleton and Miller could not reach it. John Hummel was the only Seal who could do anything worth while against Krause; Hummel connected for three of the seven Seal hits, and Hunter was the only batter to connect for clean-out drives against the Oak southpaw. Five of the seven Seal hits were of the low rainbow type that just drop past the infield—of course they are just as good as the line drive hit—but there is not as much satisfaction for either the batter or spectator in that sort of play as there is in the old hit that goes ringing off the bat as a fair hit that will tear an infielder's leg off if he gets in the way.

SEALS LUCKY TO SCORE

It was Hummel's clean-out drive that started the Seals to their only run in the third. Corhan followed with one of those pokes just back of second; Hack Miller came in on the run, but he could not hold the ball; he fooled Hummel into thinking he could catch it and it was an easy matter to force Hummel at second. Baum's grounder to Croff put Corhan on second and then when Maggett poked that rainbow just back of short Corhan connected home. Hack Miller and Baum were credited with the only two hits in the inning. In their last six innings, only three Seals reached second and none were hit.

GARDNER HITS

Backed by some great fielding, Spider Baum looked like a sure winner for five innings. But after a Seal win over the way the Spide performed for the first half of the game. In the second inning the Oaks missed a great chance and it looked as though they had lost the game. Through everything else easily after getting out of that hole. Rubie Gardner stepped into one and shot to deep right for a three-bagger but only one out. But Christensen hit an easy grounder to Corhan and Gardner was run down before he could get to second. Baum was on the play, but Croff could not get the ball past Corhan.

RUBE'S FIRST MAN UP

Rube was first man up in the fifth inning and he opened things with a high drive over Downs' head. Jerry made a great one-handed stab but could not get more than knock down the ball. Baum was credited with the only two hits made off Baum for five innings. Christensen sacrificed Rube to second. Croff popped to Corhan and Baum was run down before he could get to second. Baum was on the play, but Croff could not get the ball past Corhan.

SPIDE IN TROUBLE

One man was out in the sixth inning and there was no reason to doubt that Baum would have any trouble. But he lost control just long enough to walk Chick Hawks, and that proved the start

of all his troubles. Clyde Wares was given the first hand from the bay fans that he had since his return to the Oaks, and Clyde responded with a safe drive down the right field line that put Hawks on third. Middleton drove one of those home runs, but when Rube came up the ball over toward the bleachers and Hawks was credited with a double. Hawks scoring and Wares pulling up at third.

Baum purposely walked Hack Miller to the bases, but when Rube came up the Spider evidently remembered that second inning triple and it worried him. He waited around long enough to get a walk and the second Oak run was over the plate. Harry Christensen backed Herb Hunter up to deep left for his long inning. Hawks had no trouble in scoring from third after the catch. Downs booted a grounder from Croff and it looked like a long drawn-out inning, but Miller tried to score from second on the fly and Jerry recovered in time to throw out his man at the plate.

THE SEALS THREW IN A ROW. The Seals bunched up hits off Krause in three innings, but with the exception of Maggett's lucky hit that chased in the winning run, the other feature catch for the Seals was a single by Maggett. The fielding support just when it looked as though they had a chance. Krause fanned Kourner, Downs and Brooks in a row for the three outs in the second inning, and then when the Seals put over their third inning, the other feature catch for the story would be retold of the fate of pitchers who strike out three men in a row.

But after the third inning Krause was hit again with two runs in the fourth. Downs was hit and stole second, but Krause took care of a grounder from Brooks. Hummel opened the fifth with a poke to right, but he never went farther than first. Corhan and Baum fanned and Middleton took care of Maggett's fly. With one gone, the Seals were in a hole. Hummel singled and things looked bad, but Corhan poked a low one to Croff, who caught it on the fly and tagged Brooks on the line for an unassisted double play.

POP UP INFIELD FLIES. After Baum had his bad inning, in the eighth, but they could not get over a score even though the box score shows three hits for them in that frame. Wares came up to bat and he hit a home run to Kourner, but Wares was thrown out at second when Middleton failed to connect on a hit and run play. Hawks followed with a safe drive into left and Miller shot a single into right. Gardner's grounder to Kourner put the two Oaks on second and third, but Christensen ended the inning with a grounder to Kourner.

WARES, ROXEY, MILLER HIT

The Oaks had Indian Smith in trouble in the eighth, but they could not get over a score even though the box score shows three hits for them in that frame. Wares came up to bat and he hit a home run to Kourner, but Wares was thrown out at second when Middleton failed to connect on a hit and run play. Hawks followed with a safe drive into left and Miller shot a single into right. Gardner's grounder to Kourner put the two Oaks on second and third, but Christensen ended the inning with a grounder to Kourner.

JACK GOLDIE, SEAL OUTFIELDER, IS OUT OF

the game indefinitely with an injured ankle, the injury being much of the same order as that suffered by Elmer Letter of the Oaks. But the Seals and Oaks are both lucky. In the case of the Seals, John Hummel seems to have hit his batting stride at just the time when he is needed regularly in the center of the field. Chick Hawks is looking better every day. He has always had confidence in the plate, and he shows far better judgment in his fielding work than he did in the few games he had a chance to play before the Oaks went on the road.

Girl Swimmers Enter Sunday's 50-Yard Race

Stockton Mermaids May Give Swimming Followers Big Surprise.

Stockton will send her two champion mermaids to Neptune Beach, Sunday, to compete against the Neptune champion, Miss Ruth Crane, Miss Lella Dunkin, the Stockton high school girl, who has created such a furor in aquatic circles lately, will be one of the Stockton representatives and Miss Woods will be the other. These girls are about the best developed here in a long time and they promise to make their mark in swimming circles.

The race will be over fifty yards, free stroke, which makes an interesting race. Some other mermaids may enter the event, but the competition between the Stockton and Neptune representatives will be keen enough without additional entries.

Following the mermaids race there will be a series of events between members of the Stockton Neptune and Alameda Neptune swimming clubs. This annual meet always brings out some fast time and thrilling finishes and some great sport is promised Sunday.

Alameda Neptune Club has nominated the following swimmers in the various events: 50-yard dash—Frank Norris, Norman Peters, L. Lichtenstein. 100-yard dash—Frank Norris, Norman Peters, L. Lichtenstein. 150 yards—E. Miller, Ray Jorgensen, George Mitchell. 220 yards—Jack Straus, Ray Jorgensen, C. M. Cuthbertson. 100-yard breast stroke—J. Obarry, George Mitchell. Diving—Harvey Perry, Paul Tullock.

Camp Fremont to Have Many Crack Athletes in Caledonian Games

Camp Fremont boasts some of the best athletes that have been seen in the city and these stars will all be seen in action at the 33rd annual games of the Caledonian club at Camp Fremont, Saturday, June 8. Captain Harry Mahoney, formerly of Stanford university and now athletic director at Camp Fremont, and Lieutenant J. Reed, a former eastern college star, are busy lining up the material to form the Fremont team against the Caledonian and Caledonian athletes, June 8th.

Men who can run ten seconds for 100 yards are not uncommon at Camp Fremont. Webster, formerly of Occidental college, Webster will pit his speed and track record against the Caledonian and other stars in the 175 yard and 352 yard events, June 8. Another star of considerable repute is Charlie Baker, formerly of the Los Angeles Athletic club, the same lad who ran the 100 yard dash in the far western 880 race a few months ago and took second honors. Joe Muldoon, one of the greatest middle-distance runners in the country ever produced, will also represent Fremont in the 332 and 352 yard races, while Charlie Hunter, former Caledonian club distance star, will now represent the Army men in the two-mile race for the Jacob diamond medal.

Another big feature of the games will be the attempt of Caledonian J. McEachern to break the world's record for the 21-pound hammer. A specialist hammer has just arrived from New York for the attempt and an unusual workout yesterday. McEachern has more than three feet over the record. By the day of the games he expects to be able to set a mark of better than six feet over the existing record.

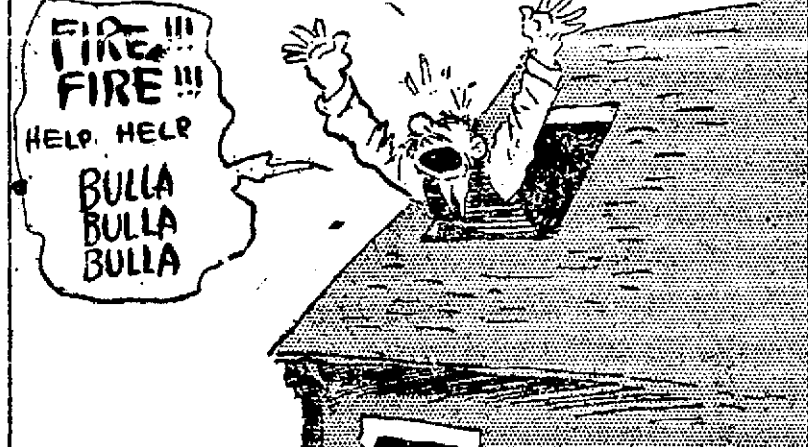

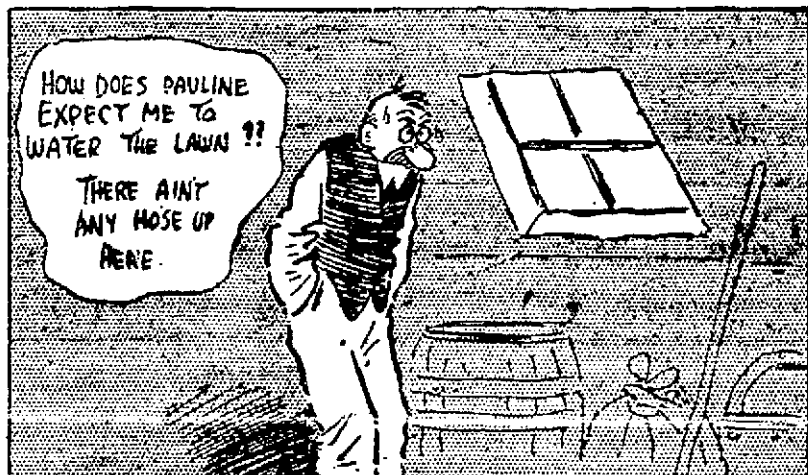

VALLEJO'S HIGH SCHOOL TITLE. VALLEJO, May 17.—Alvin and Whaley will act as pitchers for the recently organized Vallejo High School baseball nine while Oliver and Whaley will alternate as catchers. The infielders will be Ryan, Welch, Burge, McCreedy and Ney, while Kottelson, Collins and David will be the outfielders. The team is to meet the Dixon High School club this month and if victorious will claim the championship of Solano county.

RICHMOND JUN. 11, ACADEMICS 3. The Richmond Juniors played up 17 hits off Gonsolo, the St. Joseph's academy pitcher, when they scored an 11 to 3 win over the boys from the Berkeley academy. Davidson pitched a fine game for Richmond, allowing only two hits to the hard hitting youngsters. The Richmond Davidson was given perfect support by his teammates.

VALLEJO, May 17.—Preparations are under way for holding a field day at the Cyclophone ball park in the near future between the athletes from the Mare Island marine barracks and the sailors from the seaman's barracks. The athletes from the Mare Island barracks is one of the promoters of the proposed meet and it is expected that a large number of spectators will participate in the various athletic contests.

Players on the Melrose team in the Mission League will travel to Newark on Sunday. Manager Briton announces that the boys will leave Jerry Lewis' clubrooms at 11:30 o'clock; those who prefer to join the party at Melrose should be on the job at 12 o'clock.

O. N. Ford of San Jose Best Amateur Shooter in the United States

California has the leading amateur trapshooter to boast of in O. N. Ford, secretary of the San Jose Blue Rock club and also a member of the Golden Gate club, according to an announcement sent out from New York. Ford is ranked with a score of 388, while the man next to him is H. G. Lorenson of Newman and Henry Pfirrmann Jr. of Los Angeles is third. Ford is now here arranging for the California-Nevada shoot, which will be held Sunday. In the professional trapshooters' meet, which is being held over his eastern tour with 1918, these are considered high averages for the early part of the year, and is a good boost to the interest which California is taking in the trapshooting.

Red Oldham Pitches a Win Over Soldiers

CAMP LEWIS, May 17.—More than 3000 soldiers from the Camp Lewis team defeated the Tacoma Tigers last evening in the first exhibition game between the soldiers and a Pacific International league team. Many big leaguers figured in the soldier line-up, including "Dutch" Reuther, Charlie Mulvaney, Lou Guile and "Red" Oldham. Southpaw Oldham had the Tigers shut out until the eighth inning, when Specs hit a homer, with a man on. The Army got an early lead and held it. Scores: Camp Lewis..... 3 7 3 Tacoma..... 2 10 0 Batteries—Oldham and Arnaparg; Leake, E. Pillett, McMoran and Stevens, McVulky.

Substitute for Hal Chase Is Hero When Giants Are Beaten

Sherwood Magee, who is filling in at first base for the Cincinnati Reds while Hal Chase is out of the game with a lame shoulder, was the big fellow who helped to put over a 3 to 0 win on the Giants yesterday. These days everybody who is the hero in downing the Giants is winning a place in the hall of fame. It was Magee's triple that chased in two of the three Red runs against Teneau. Toney allowed the Giants only seven hits and was not in any serious trouble, even though giving him substantial support.

Cutshaw booted one, but he hit a triple and scored and scored one run in Pittsburgh's 4 to 3 win over Brooklyn. Cutshaw accepted nine fielding chances at second base, Schmidt hit one and scored a run. For the Dodgers, Johnston hits safely twice and scored once; O'Mara hit one in five chances and drove in a run with a sacrifice fly. Coombs was the losing pitcher.

Herzog made one of the four hits which the Boston Braves must off Ames of St. Louis, and Herzog scored the only Boston run, St. Louis winning, 2 to 1. Fashert was moved up to the position of lead-off man for the Cubs and with Hollister hitting three out of five times behind him, Fashert scored two runs, but the Phillies rose in a bid for a 3 to 1 win. Baneroff each hit one in five, Fitzgerald's being a double. McClellan hit a triple and a single and scored a run. Heusel hit one in three and scored once. Gandil hit a double and scored once in the 4 to 2 White Sox win over Washington. Risberg and McMillen each went hitless.

Yon Greer went along until the ninth inning with the score 5 to 4 in his favor, but he weakened in the ninth and Cleveland evened the score with Philadelphia. Greer was taken out and Perry stopped the scoring and gaining credit for a win when the Athletics put over a run their half of the ninth for a 5 to 3 win.

Peckinpaugh's sacrifice put Githoley within reach of the plate to score on Baker's hit for a 2 to 0 New York win over St. Louis. Gedeon was credited with a sacrifice for St. Louis, but it did not gain anything for the Cubs and Gedeon, Peckinpaugh, Bodie and Hannah all went hitless.

James, the former Portland pitcher, was chased out of the box by the Red Sox. Kallio succeeded him and was also bumped, giving way to a pinch hitter. The Red Sox won, 7 to 2. Harry Campbell made the first home run of the season in the Red Sox park, and there was a man on base when he hit. One of these two runs were only part of the big Sox inning, six runs crossing the plate in the third frame. Carl Mays allowed Detroit only three hits from the Sox, and two of these and James hit one. Thomas hit one for the Sox.

ALPINE CLUB MEMBERS TO SEE MOUNTAIN PLAY
An event looked forward to by all lovers of the outdoors is the annual mountain play given at the Cushing amphitheater on the slopes of Mount Diablo. The play this year will be "Robin Hood" and is doubly interesting to the members of this club as quite a few of them will participate.

Anyone desiring to go with the club on this trip should take the 8:15 a. m. Sunday train from San Francisco and train for Mill Valley.

OAKLAND HIGH DEFEATS IMPERIALS.
Monday the Oakland High 100-pounders defeated the Imperial team 11-0. The feature of the game was the pitching of Roemer, who held his opponents to two hits, and a great catch of a hard drive in right field by Harris. The score:

Fulton's Manager Makes a Formal Claim to Title

PORTLAND, Ore., May 17.—On behalf of Fred Fulton, Mike Collins has claimed the heavyweight championship of the world, following receipt of the news that Jess Willard had retired from the ring for good and all.

"I wired William Fox yesterday," said Collins, "that Fulton wanted to get into the carnival at Madison Square Garden, New York, to box for the Red Cross and that we preferred to meet Willard for any number of rounds from ten to fifty. I said in that wire that if Willard refused to meet us that we would claim the title and that statement still goes. If Willard has retired Fulton is the logical champion. Fulton claims the title and now ready to defend it."

Upon being informed that Dempsey probably would put forth a claim for the title, Collins smiled.

"Fulton claims the title," he said. "We will fight Dempsey for the Red Cross if he wants—but Dempsey has never knocked out anybody but Bill Brennan and Jim Flynn and we don't figure that out him in title class. My statement to William Fox still stands: Fulton will meet any white man for the Red Cross, Willard preferred. If Willard won't fight, to claim the title and will be asked to meet Dempsey. But we claim the title now that Willard has quit."

GODFREY'S WIN IN NINTH.
Godfrey's All-Stars won their fourth straight game Sunday afternoon, as the Pupils play rounds, by defeating the Foster All-Stars in an interesting game by the score of 8 to 0, after the Richmond Merchants failed to show up.

Samson pitched his usual steady game, but through loose playing the Pupils boys scored our unearned runs. Bauman pitched good ball, but was hit quite freely. In the ninth inning, with the score tied and two men on, Ash broke up the frame by popping to right and scoring two runs. The score stood 8 to 0.

SCHOOL TENNIS AT VALLEJO.
VALLEJO, May 17.—On Saturday the best tennis players at the various high schools in Solano county will gather at the Ohio street courts to compete in the annual S. C. A. L. tennis tournament.

From past performances the local players look to have a chance on the pennant. The various schools are unable to form a surprise, however, and as a result a large number of enthusiasts are preparing to attend the games.

Boxing Will Soon Do Comeback at Vallejo

VALLEJO, May 17.—The boxing enthusiasts of Vallejo are overjoyed at the announcement that a card of four-round events will be featured at Floden arena on Wednesday evening, June 5th, as it has been so long since a boxing show was held here that it is certain that a record-breaking crowd will attend. The rivalry between the sailor, marine and soldier boxers is intense and this makes it clinch that each and every bout will be a headliner in itself. It is announced that a new ring will be installed and that the floor will be padded in such a manner as to preclude the possibility of anybody being injured. Within a few days the different boxers will be selected, a referee selected and all arrangements completed. It is expected that the San Francisco, Napa and Calistoga Railway Company will co-operate in bringing boxing back by providing ample transportation facilities.

HOGE HARDWARE WINS.
The Hoge Hardware team came back at the Baccara at Bay View ground Sunday, and averaged the best record at the track of that team the Sunday before by handling the "Hogs" 4 to 3 beating Feteala, Pabide and Kowliman featured with the stick for the winners by getting three hits apiece. Stevenson pitched good ball to hold the losers to five hits. The score:

Bay Area Rifle Club to Hold Elimination Shoot Next Sunday

As a part of its policy of imparting thorough training in the use of rifle and pistol to all its troops the Government is encouraging county citizens between teams selected from its various military organizations, and teams from civilian clubs affiliated with the National Rifle Association.

Members of twelve such rifle clubs, associated as the San Francisco Bay Area Rifle Club League, will participate in an "elimination shoot" at 10 o'clock Sunday, on the new State range in Oakland, for the purpose of selecting a general team to represent the league in all such military matches. This competition is open only to members who are expert riflemen or sharpshooters.

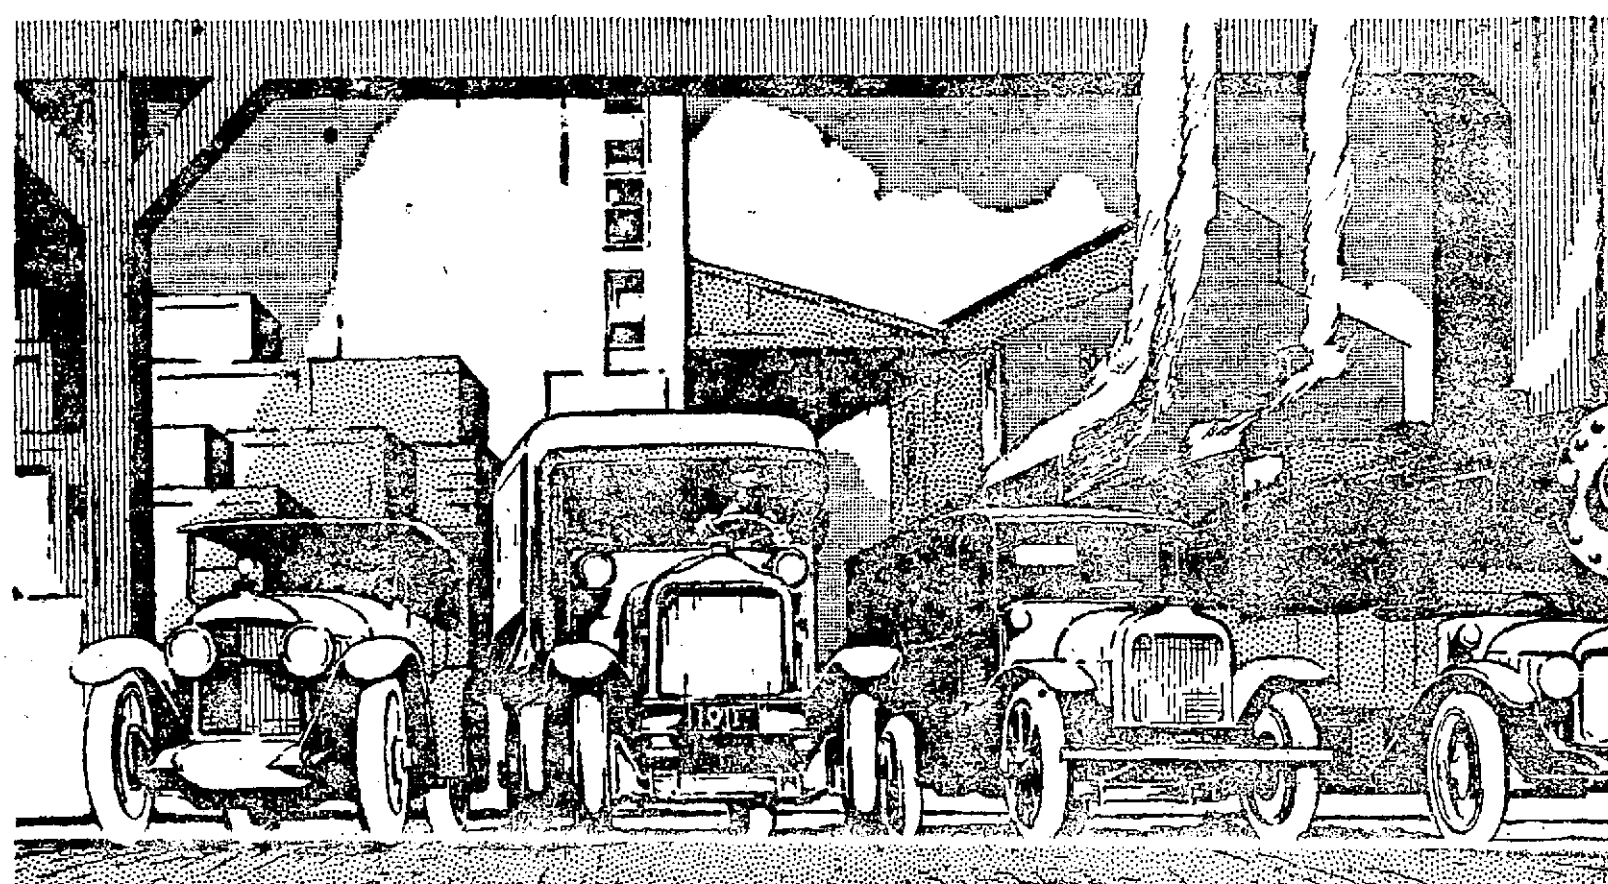

The course to be fired will consist of ten shots each at 100 and 200 yards slow fire, and 250 yards rapid fire. The 24 highest men, judged strictly according to scores made in this competition, will constitute the team, and whenever smaller teams are needed they will be selected by counting down from the head of the list the required number.

As many of the best shots from all the clubs are now absent in the military service, there is much speculation as to who will win places on the team; and their numerical rank on the roster.

Centerville wins opener. The Centerville P. B. Booth baseball team opened its season Sunday by taking the first game of the season. The game was a pitchers' battle between Perry of Centerville and Rylander of the Native Sons. In the fifth inning three runs by Centerville and an error by the Native Sons netted three runs.

Two hits in the seventh brought in the last run. Perry of Centerville pitched a steady game and allowed only three scattered hits. Excellent fielding on both sides also featured.

You Pay Too Much when You Pay Too Little

To buy anything today at the price you paid for it even a half year ago is practically impossible. It can't be done—you know it.

The best way to economize in overall buying is to buy overalls that wear well and last longer. Buy the ones you have always depended on for comfort, service and value.

In other words, it is always good economy to buy Boss of the Road Overalls—a Neustadter product. Look for the Bull Dog on the label. It is your protection. Never has this trade mark meant so much to you as it does today.

HOW MADGE ANTED DICKY'S MOTHER

"Madge! What under the heavens is the matter?"

Dicky sprang out of the taxi, which had drawn up before the door of the drug store, and seized my arm.

"Has anything happened?" he demanded excitedly. "You are rushing along like mad, your eyes are full of tears, and you are down here instead of at home. Why, if I had not happened to spy you would have gone on home. That would have been a fine welcome for my mother, wouldn't it? Nobody there to greet her but Katie!"

I reflected grimly that if ever there was a time in my life for telling only part of the truth that time had come.

"Nothing is the matter," I said shortly. "I went out to get some cream for Katie's pudding and some flowers to get the others and cream. I did not find it out until I reached the apartment, so I dashed back after them. Some stout fellow in my eyes. I suppose that what makes you think I have been crying."

"That's you, all over," Dicky grumbled. "Risk not being at home to greet mother in order to have a few flowers stuck around. Here, come on and meet mother, and I'll go in and get the flowers." He took my arm and made a step toward the taxi.

"No, no," I said hastily. "I know exactly where I left them. I won't be a minute." I broke away and hurried into the drug store. I was almost in a panic. If Dicky had gone in to inquire about the flowers he would have been almost certain to have found out that I had telephoned, not bought headache tablets.

Luckily the flowers and cream were where I had left them. I detest the idea of arranging any part of one's toilet in public, but I did not want the critical eyes of Dicky's mother to see my reddened eyes, and rouged hair, which had been slightly loosened in my hurry.

There was a mirror near the telephone booth at the back of the store. I took out my fur cap, smoothed back my hair and put on the cap again. From my purse I took a tiny powder puff and removed the traces of tears. Then I fairly snatched my parcels and hurried to the door. Dicky was just entering the store as I reached it. His face was black. I saw that he was in one of his rages.

"MADGE, MY MOTHER,"

"Look here, Madge," he said, and he made no pretense of lowering his voice. "do you think my mother enjoys sitting there in that taxi cab waiting for you? She was so fatigued by her journey that she didn't even want to have her baggage looked after, something unusual for her. That is the reason we got here so early."

"I am awfully sorry, Dicky," I said. "You see you arrived before I thought you would. I'll get the tea for her the moment we reach the house."

But Dicky was not mollified. He stalked moodily ahead of me until he reached the open door of the taxi. Then he turned back and looked at me with a change. One would have thought him the most devoted of husbands to see him draw me forward.

"Mother," he said, and my heart glowed again in his resentment at the note of pride in his voice. "this is my wife, Madge, my mother."

Mrs. Graham was leaning back against the cushions of the taxi. As he had not looked so white and ill I should have guessed the look of displeasure that rested upon her features.

"How do you do?" she said coldly. "You must pardon me, I am afraid, for not saying the usual things. I have been very much upset."

The studied insolence of the apology was infinitely worse than the coldness of her manner. I waited for a moment to control myself before answering her.

"I am afraid that you are really ill," I said as cordially as I could. "I am so sorry to have kept you waiting, but I did not expect you quite so soon, and I had some errands."

"It doesn't matter," she said indifferently. Her manner put me aside from her consideration as if I had been a child or a servant. She turned to Dicky.

"Are we almost there, dear?"

The warmth of her tones to him, the love displayed in every inflection, set out in more bitter contrast the coldness with which she was treating me.

"Right here now," as the taxi drew up to the door of the apartment house. There was a peculiar inflection in Dicky's voice. I stole a glance at him. He was gazing at his mother with a puzzled look.

SOCIETY CLUBS

By EDNA B. KINARD

Sympathy but no flowers is the new order in the Glenview Woman's Club.

The rule is strictly a conservation measure, which has been passed with a full consent of the membership.

However, even it may be broken, there are garden flowers as lovely as any

any house can produce growing in profusion in the East Oakland neighborhood. The inauguration of the new order does not apply to these familiar blossoms.

It has been the charming custom in the Glenview Woman's Club, when any of the sisterhood was ill, to send a fragrant message in a mass of beautiful blooms. It also repaid one of the pain to look upon the silent expression of sympathy. A coterie of women have been faithful in seeing that not the slightest indisposition was overlooked. In the days of hurry and worry they held to the quaint practice of remembering flower committees has been transformed into a sick committee, losing at once even in its designation the pretty sentiment but gaining what it lost in the expression of practicality. The sick committee will be as keenly alive as the most energetic flower committee in taking care that none of their number suffer pain to be ignored by the club.

In place of the hothouse flowers will go cheer their kindly note, full of sympathy happily expressed. There may even go along an armful of garden blooms, fresh with dew and heavy with their own beauty, but there will be no florist bill.

However, for every note which is sent there will be a treasury to receive that sum, which in the days "before the war" might have been spent in flowers. Every woman in the Glenview Woman's Club who receives sympathy minus an accompanying box of blossoms will know that she is helping to give pleasure and rest to the American boys in France who are on furlough. For the dollars conserved by agreement among themselves will be the East Oakland's Club's gift to the War Victory Commission.

Six thousand, two hundred and ten dollars, not forgetting the thirty cents, has been California's contribution to the War Victory Commission, founded by the General Federation of Women's Clubs, and it is hoped that the new war institution will be able to correspond to the war lasts the War Victory Commission will be in existence and receive contributions to maintain its work, which the clubwomen of the nation have planned to receive. Chances California will go right on pouring out its best in the splendid effort.

From then \$100,000 has been subscribed to this work by the clubwomen of America.

The Worth While Club has planned a garden party well worth any one's time on Tuesday, May 28, when Mrs. Benjamin J. Smith opens her home to her pretty garden, but her attractive Vernon-street residence as well for the accommodations of the guests who will throng to help in swelling the fund for the war.

There will be all the attractions which garden parties usually have with many that none have had before. For instance, there is the "What Not." If one has anything from a baby elephant to a paper of pins which one does not desire to have longer, ring up Mrs. J. L. Fuller, Piedmont 5615, and offer it to her.

Assisting Mrs. Fuller will be Mrs. W. F. Foster, Mrs. Paul Miller, William C. Poole, Mrs. M. J. Sweeney, Mrs. Cohen, Mrs. F. J. Stalger and Mrs. J. Hamilton Todd.

Assisting Mrs. Greenwood and Mrs. Sheppard will be on that occasion will be Mrs. William R. Davis, Mrs. Charles Woodbury, Mrs. Samuel Taylor, Mrs. C. W. Kinsey, Mrs. George W. Perry, Mrs. Charles Martinelli, Mrs. E. J. Adams, Mrs. W. Kent, Mrs. John Van Hooser, Mrs. Elizabeth Chambers, Mrs. C. W. Arms, Mrs. Louis Dudley Manning, Mrs. J. Hamilton Todd, Miss Amanda Smith, Miss Jane Strong, Miss Phyllis Smith, Miss Jeanne Greary, Mrs. Elgin Stoddard, Mrs. Edward Remillard, Mrs. Cohen, Mrs. M. J. Sweeney, Mrs. F. J. Stalger, Mrs. Mabel Forrester White, Mrs. Davenport, Mrs. W. F. Foster, Mrs. Adams, Miss Lillian Kimball, Mrs. L. W. Nelson, Mrs. E. C. Clark, Mrs. William Casey, Mrs. Henry Pitts, Mrs. Stent, Mrs. Paul Miller and Mrs. William C. Poole.

The return of Miss Phyllis de Young from New York yesterday morning was followed immediately by informal announcement of her betrothal to Nion Tucker, son of Mr. and Mrs. J. L. Tucker of Sacramento.

Miss de Young, the daughter of Mr. H. H. de Young, is one of the handsomest young women of San Francisco's debutante set and is a sister of Mrs. George T. Cameron, Mrs. Joseph Smith, Mrs. E. J. Adams and the late Charles de Young. Miss de Young was educated abroad, and besides being a clever linguist, is talented musically. She is also known as one of the most graceful dancers in the city.

As Miss de Young is in mourning for her mother at present the announcement was made very simply, and the wedding will not be planned until the fall of the year.

Nion Tucker is a University of California graduate and a member of the Pacific Union Club. In San Francisco he has always been one among the social favorites.

The afternoon of music planned for the benefit of the wounded soldiers on furlough in London, England, by Mrs. Frank Greenwood and Mrs. Samuel S. Shepard for Friday, May 31, at the home of Mrs. Greenwood, 25 of Montecito avenue, is to be one of the notable affairs of the latter part of the month. The named soldiers departed from the fighting front are in the care of the Poole-Chadbourne headquarters at 45 Bedford Square, London W. C. 1. Dr. Poole will be remembered as a well-known minister of this city who at the first of the war went abroad to play his part in the great conflict.

A special committee has been named to arrange the details of the program for that day, and among

and elementary grades. Those who will be prepared to enter college next fall are Miss Elizabeth Noyes, Miss Lillian Johnson, Miss Gladys Dredge, and Miss Dorothy Edwards.

The elementary graduates are Cherry Stephenson, Frances Sherman, Mollie Spencer, Bernice Bernhard, Florence Carter and Doris O'Brien.

Graduation exercises will be held Wednesday afternoon, May 29, at 3:30 o'clock, at the school, in Perkins and Palm streets. Rev. Charles L. Kloss, D. D., will conduct the exercises.

Graduation at Miss Head's school in Berkeley was marked by the holding of a large garden party this afternoon, when the usual exercises were held and the much coveted diplomas presented.

With the service set in evidence, the graduation party will be a special attraction and following the exercises and garden party of the afternoon hours, there is to be a dance this evening. A few of the younger girls of the school gave a Maypole dance as a feature of the festivities. Several hundred guests were in attendance and among those who received the coveted diploma of graduation were Miss Lorene Kinney, Miss Alice Wittenberg, Miss Helen Kauffman, Miss Mabel Wilson, Miss Gertrude Jamison, Miss Cecil Watkins, Miss Margaret Graham, Miss Doris Rodolph, Miss Maybird Eversole, Miss Harriet Rinder, Miss Mildred Ennis, Miss Emily Noble, Miss May McMurphy, Miss Muriel Ditzler, Miss Helena Lefe, Miss Priscilla Colburn, Miss Roberta Berry and Miss Reba Armstrong.

Tonight at the Claremont Country Club is to be held a gala affair for the club set, who have been invited to share the hospitality of Mr. and Mrs. George F. Newton.

The Newtons have planned the dance in compliment to their two sons, Francis and Kenneth Newton, and some two hundred invitations have been extended for the party. It is these memorable gatherings that cling to the memory of the boy or girl graduate upon his class day. The return of the school set from college is always the medium for informal gatherings before the final separation when the time for departure to the mountains or seashore arrives.

The Alameda Branch of the California Committee for Relief in Belgium and France met last evening in the Council Chambers of the City Hall, Mrs. Walter G. Tibbits presiding.

Members of the local committee were read at the treasurer, Chas. Taylor, received the monthly contributions given for the care of the needy children in Belgium and France, and adding to the general fund for this great work.

Mrs. Gertrude Cockcroft of Alameda has formally announced the engagement of her daughter, Miss Hazel Cockcroft and Stephen G. Martinelli of Watsonville, one of the finest old families of this state. Miss Cockcroft is a sister of Mrs. Robert Proude Jackson (Marjorie Cockcroft).

Her fiancé is a University of California man, and has been enlisted in the ordnance department of the U. S. S. He has been assigned to Camp Fremont, Georgia, for training.

Madame Antonio de Grassi and her little son will spend the summer at Carmel-by-the-Sea, Signor Antonio de Grassi motor down for the week-ends. They have taken one of the picturesque cottages at that resort which is the rendezvous for many noted painters and artists.

Mrs. H. C. Peet and her daughter, Miss Helen Peet, have returned from Redwood lodge in the Santa Cruz mountains. Miss Peet is engaged to William Elder, a U. S. graduate, who is taking a special course in civil engineering at the Boston School of Technology.

Martinelli is a member of the Phi Delta Theta fraternity and has taken over the management of the business interests of his father, the late S. G. Martinelli, a fruit grower of that section.

Miss Lorna Williamson is one of the brightest girls in this section, completing her studies at Bryn Mawr, Pennsylvania, and expects to come west to spend the summer with her parents, the Willard Williamsons of Piedmont. It is possible that Miss Williamson may enter the University of California this coming semester.

In June, Miss Dorothy Blasdel expects to go east with a party of friends to be gone for a period of six weeks and will return with her wedding preparations for her marriage to Dr. Harry Calvin Lind in September.

Lieutenant Ellery Stone has returned from his post of duty in the southern part of France, where he has been expert at San Diego and has been on furlough for a short time, visiting his family here.

The Monday Sitch Club held its benefit card party at the home of Mrs. Lillian Kimball, Mrs. L. W. Nelson, Mrs. E. C. Clark, Mrs. William Casey, Mrs. Henry Pitts, Mrs. Stent, Mrs. Paul Miller and Mrs. William C. Poole.

Charming Afternoon Costume Of Orchid-Pink Organdie

By ANNETTE BRADSHAW

Fashion, at present, is exceedingly kind to the woman who is trying to dress economically. Never before in the history of the modes have cotton materials held such a position of honor.

Organdie, however, is the weave which enjoys the greatest popularity.

The delightfully simple frock shown here is developed in orchid-pink organdie.

her. Then come to the "What Not." It is all in a patriotic cause. There are many women who are longing for a good old-fashioned game of bridge, or whist, or even five hundred, who need an excuse. With the Worth While garden party there is excuse aplenty. The fun will add to the wool treasury. Mrs. F. A. Carrick, Piedmont 3555, will make the reservations. What the future holds Mrs. Charles Dunsom will reveal by unassailable and legitimate methods. Even in the days of flower, there are home careers who feel no handicap for they have well in hand the art of substitution and which will contribute to the guests' stand ready to prove it in cakes and pies and all sorts of delicious things. Dinner tables should be set for the late for other preparations.

Mrs. Paul Yost will add to the program which is being arranged as a part of the afternoon's pleasure.

It is very generally asserted by those who know that the 1918 session of the State Legislature will be an unusually important one. Particularly so, as it will have a bearing upon the life of the women and children of the state will a new chapter be added to history. Developments along this line are being keenly watched not only by the women of California, but of all the other states. Mrs. W. C. Kern has sounded that the feminine citizenry's first duty by the state is to become informed concerning the laws which already exist relating to women and children and familiarize themselves with the privileges and handicaps before an endeavor is made to start new legislation.

A Liberty tea has been planned for Thursday afternoon, May 23, by the Plymouth Woman's Club in Plymouth center, when Annie Laurie, the widely known newspaper writer and one of President Wilson's guests, will be the guest of honor.

The phases of the war defense work with which she is particularly engaged will be the theme for an interesting talk by the interesting woman. Cantalions will be offered by Mrs. Josephine Swan White. R. F. Kern will be heard in a group of solo numbers.

Twenty-five dollars to be turned into the free wool fund was the cozy little sum which the members of the Santa Fe School Parent-Teacher Association realized this week from the hour of cards which they offered their friends. The party was a success, the pleasure of the hour finding its excuse in the patriotic cause for which it was planned. When "mothers" leave on their vacation this summer, they will take along with them the wool and needles to return the better for their rest period and the Red Cross the richer for their thoughtful service.

For the sole purpose of forming themselves into a Red Cross Auxiliary, the members of the Caroline Meriwether Goodlet chapter, U. S. C., will assemble on Monday afternoon. With the sewing section properly incorporated within their work, the three months' vacation which the constitution permits will become a myth, the members gathering weekly for their patriotic service. Mrs. Alma Rowley will entertain the Daughters of the Confederacy at the Alice apartment.

OAKLAND WILL FETE BELGIAN WAR HEROES

The Belgian war heroes—three hundred officers and men who escaped from revolutionary Russia and are now en route to France to resume the fight for democracy—will be given a royal welcome by Oakland tomorrow afternoon at Idora Park, where the celebration will take place.

Mayor John L. Davis has appointed a citizens' committee of one hundred to act as the official reception committee. Harmon Bell, president of the War Service League, is chairman of this committee.

The city council yesterday appropriated \$100 to provide toward the entertainment of the distinguished guests.

Mrs. Honora Bonestell has completed her committee of seventy-five women to act on the reception committee.

Belgian flags will be worn by the reception committees, both men and women.

The Defenders Club, headed by its president, Mrs. Thomas Mitchell Potter, will have a committee of women on hand to serve dinner to the Belgian soldiers.

The Idora Park management will entertain the officers and ladies in the party in the offices of the park, serving light refreshments.

BERKELEY REPRESENTED.
From Berkeley will come a committee of fifty women, headed by Mrs. John Snook, chairman of the Berkeley Belgian Relief Committee, to distribute tobacco to the soldiers. They will have a booth in the grounds.

A distinguished member of the citizens' reception committee will be Chevalier A. A. Vander Naelen Sr., dean of Belgians in America, aged 90 years, wearing the decoration of the Order of Leopold of Belgium, placed there by the late King Leopold. Mr. and Mrs. George Margit, the latter former Belgian vice-consul to San Francisco, and the women of Marie de Hemphill Circle, a Belgian organization, will also take part in the reception.

The entertainment of the Belgians at Idora Park will be unique. There will be little formality. The officers and soldiers will be allowed the freedom of the park. They may swim in the outdoor pool, play on the grounds, take their ease in the park grounds. It will be a day of frolic for them—a relief from formal receptions and parades.

COMMITTEE ROSTER.
The committee appointed by Mayor Davis follows:

Joseph R. Knowland, W. W. Chaplin, Walter D. Cole, Chevalier A. A. Vander Naelen Sr., W. R. Alberger, G. C. Bernhart, C. H. Brockhagen, John F. Connors, J. F. Carlson, William Cavalier, Edward W. Secretary of War Baker Will Speak in Oakland

Arrangements Made For Democracy Week From May 26 to June 2; Organizations Aid

A "trench luncheon," at which men in every walk of life in the community may get together, a mammoth mass meeting under the auspices of the labor organization, a great meeting of women under the auspices of the Mobilized Women's Army, church, school and open-air meetings are on the program for the week of mobilizing democracy, preliminary plans for which were adopted yesterday afternoon at a conference of representatives of religious, civic, fraternal and commercial organizations of the city.

Democracy week will be conducted by a special Oakland committee working under the direction of Dr. Frederick Vining Fisher, head of the community service staff of the National Council of Defense and representative of the United States Bureau of Information at Washington.

Speakers of national note will be sent to Oakland by the National Council during Democracy Week, which will commence May 26 and end June 2. It was announced by Dr. Fisher yesterday that the speakers at the mammoth mass meeting to be held at the Municipal Auditorium.

INVITED BY MAYOR.
Dr. Fisher and his staff were invited to come to Oakland by Mayor John L. Davis, and have been assured of the cooperation of the civic, commercial, religious and fraternal bodies in the city.

Dr. Fisher set forth the purpose of Democracy Week at the conference yesterday as follows:

The creation and mobilization of democracy in the community.

The creation of a practical, working machine to carry into effect the demands of democracy and to assure community co-operation with the national war work.

The creation of a community soul.

"We must create democracy where we haven't it," said Dr. Fisher. "Professor Charles Mills Gayley, out at the University of California, has written a very interesting book on what he calls 'aristo-democracy.' But that is not what we want. What we want is real democracy. We may make a motley crew, when all of us get together. But that doesn't matter. What is necessary is to get us together."

CLENCHED FIST.
"German is a clenched fist. It is not the Kaiser or a little group of men we have to meet, but the clenched fist made up of a united people. Once there is any real division among the German people, and the Kaiser is lost. And if we can't get together we are lost. America may be typified today by an open hand, the fingers all apart. With the clenched fist against the open hand you can see where the advantage lies. We must see to it that we have a clenched fist, democracy, the clenched fist of working men to beat the clenched fist of autocracy."

Dr. Fisher announced that for the first meeting of Democracy Week the National Council would send Sergeant Schneider to Oakland to give the message of the men in the trenches to democracy at home.

Sergeant Schneider, a grizzled veteran who has been for twenty years in the American army, left the trenches April 29, being one of the two score American fighters sent by General Pershing to carry the message from the fighters to the people at home, the call for support and loyalty and for sacrifice.

For the program of Democracy Week at the luncheon yesterday, offering to sponsor the great mass meeting to be held Wednesday night on the eve of Memorial Day in the Municipal Auditorium. The meeting will be an outpouring of the workers, the ship builders, the iron

workers, carpenters, masons, laborers who are creating the equipment with which to wage the war for freedom. A committee consisting of Samuel Donohue of the Building Trades Council and William A. Spooner and W. E. Castro of the Central Labor Council will arrange the mass meeting.

TRENCH LUNCHEON.
On the same day the business men of the community will assist the men of every walk of life at a "trench luncheon," served after the manner of the trenches, with the bill of fare of the men at the front, and the freedom and vitality of an army of men.

Representatives of the Chamber of Commerce, Merchants' Exchange and Rotary Club will arrange the trench luncheon.

A women's luncheon will probably be held Friday under the auspices of the Mobilized Women of Oakland.

Mobilization of the religious forces of the community will be effected Monday, May 27, at a conference to be attended by Catholic priests, Protestant clergymen and Jewish rabbis.

A conference on the subject of the organization which it is hoped to bring into being as a result of Democracy Week will be held in a few days, those who will attend being H. C. Capwell, president of the Chamber of Commerce; Harry G. Williams, representing the Merchants' Exchange and Native Sons of the Golden West; Miss Ethel Moore, representing the Mobilized Women; Chas. D. Haines, representing the Oakland War Service League; and Rev. J. B. Slesley, representing the churches. Following are the committee in charge of the campaign:

Meatless Days Give Way to Rationing
LONDON, May 17.—Meatless days in London restaurants are abolished beginning today. Restrictions on eating meat in restaurants have been many in force for the meat rationing system now in force.

GETS COMMISSION
Word has been received from the Aviation School, Columbus, O., that Harrell Dow, oldest son of former City Attorney W. A. Dow, had been graduated as an adjutant and received a lieutenant's commission. He will be assigned to duty at Kelly Field, Texas, for the present. His brother, William Dow, will soon graduate from the aviation school at Berkeley. A few months ago he resigned a responsible position with the Standard Oil Company at Hankow, China, for the purpose of returning home to enter the aviation service.

LOTTERY ARRESTS
Under the direction of two squads of police raids were made last night in the Chinese quarter on lottery joints, two places being entered, with a net result of eight arrests of visitors, each of whom forfeited \$10 bail this morning in the police courts.

Corporal Thomas O'Neill raided a joint at 223 Franklin street and Corporal E. W. Brock paid a visit to 410 Ninth street.

PROBE IS INVITED AT HAYWARD

HAYWARD, May 17.—Declaring that "no would admit any attempt to revive the 'autocratic rule' that he says existed in the Hayward grammar school when E. N. Mabrey was principal, and would insist on the resignation of Principal Eugene M. Knight, if Knight 'mixed in politics,' school trustees Fred Russell said he was ready to explain satisfactorily school affairs to a committee of the Chamber of Commerce recently appointed to investigate alleged mal-administration by the school board. Russell said he would attend a meeting of the Chamber of Commerce tonight and would answer any questions they put to him in regard to school matters. He also declared that the seven grammar school teachers who resigned recently were not prompted to do so wholly because they considered their salaries too low or because of other dissatisfaction.

F. E. Pereria, chairman of the investigating committee of the Chamber of Commerce, said a meeting would be arranged between the committee and the school board trustees at an early date when the rumors of mal-administration would be thoroughly sifted.

"I find it hard to believe that the school trustees would spend money to have charges them with," said Pereria. "How do you carry through this investigation and satisfy the public, we hope, that the rumors are unfounded."

TO RENDER AID.
Hugh S. Aldrich, clerk of the school board, has sent a communication to the Chamber of Commerce notifying it that school trustees will render the committee every aid in making its investigation as complete and sweeping as wished.

"I hope for Principal Knight's sake that he is taking no hand in this political move of the Chamber of Commerce," said Trustee Russell. "Under his regime the grammar school has shown great improvement, but Knight had better not try to start to be an autocrat and run the school as he did."

"It is true that the grammar school salaries are 16 per cent less than they were a year ago but we can get good teachers for what we are paying," continued Russell, in commenting on the statement made in certain quarters that teachers would leave the school resigned because of insufficient salaries.

ON IMPROVEMENTS.
"The present salary scale at the Hayward Grammar School is \$175 a month for the principal, \$100 a month for two men teachers, and from \$70 to \$110 a month for the women teachers. That is as high as is paid in San Leandro and more than in most country districts. If teachers are to leave for higher salaries we can always get more good teachers in their place. We are running the grammar school for the benefit of the children, not of the teachers."

Referring to the allegation that the school board spent money too freely, Trustee Russell said: "In the year ending July 1 of this year, we have spent \$44,145.50 on school improvements. That is \$4000 more than we spent a year ago and we will have only \$1000 left over after we get through this year. In Mabrey's day, the school board had much higher sums left over. In one year \$13,000. But the trustees have spent the money wisely, we think."

Under the old regime and the classes now under the new regime, the school has an average from 30 to 40 pupils each. When we have built two schools, and have introduced manual training, kindergarten, a lunch room for the children and other innovations, Mabrey wanted a bond election to raise \$35,000 for school improvements."

Engineers to Have Banner, Claremont N. S. G. W. Donors

The Eighteenth Engineers will get Sons responded to the call. The flag will be presented to Mrs. Darrow, wife of Captain Darrow, 1018 Fifty-fourth street, and will be forwarded by her to the Eighteenth Engineering Corps. The formal presentation will be made in the meeting place of Argonaut Parlor, No. 166, Native Daughters of the Golden West, at Klinkner hall, Fifty-ninth street and San Pablo avenue, next Tuesday evening.

A special patriotic program has been arranged in honor of the occasion and messages from the various Native Son parlor will be sent to the "Eighteenth" in France, together with the flag. Captain Darrow, who heads the contingent, is well known for his construction of the Dumbarton cutoff for the Southern Pacific Company, and his erection of the Southern Pacific headquarters in San Francisco.
